      - 2 plain black crew neck T-shirts
      - 2 pairs of conservative khaki pants
      - 4 pairs of white socks

      - Sunscreen and lip balm
      - Jogging/sports bra (female)
      - Any necessary undergarments
   b. Bring a water bottle that is no less than 16 oz.
   c. Jewelry is optional, but cannot be worn during physical training or sporting events.
      i. In uniform on or off a military installation: With the exception of earrings
         for women, all members are prohibited from attaching, affixing, or
         displaying objects, articles, jewelry or ornamentation to or through the ear,
         nose, tongue, eye brows, lips, or any exposed body part (includes visible
         through the uniform).
         i. Females: Can wear one pair of earrings (small round
            gold/silver/pearl/diamond studs are acceptable) in the bottom hole.
            Earrings will not exceed 6 mm.
         ii. Males: May not wear earrings in uniform.
         iii. Bracelets: A conservative watch or metal bracelet may be worn, no plastic
              or color bracelets are allowed. Bracelets will not exceed ½ inch in width.
              Medical alert bracelets and traditional POW/MIA/KIA bracelets are
              authorized.
         iv. Rings: Airmen may wear no more than 3 rings at a time, and no more than
              2 on one hand. Wedding Bands count as one ring. No rings will be worn
              on the thumb.
   d. Grooming Standards:
      i. Females: Hair will be neatly arranged and styled; hair may touch but not
         extend below the collar; bangs may not touch your eyebrows. You do not
         have to cut your hair short, simply pin up your hair while in uniform to
         meet the above standards. All barrettes and bobby pins should be the
         color of your hair. Ribbons and other ornaments (such as scrunchies) are
         not allowed. If your hair is long enough, a tucked-under French braid is
         the best hairstyle. Buns are also acceptable as long as they are not too
         tight or do not fall out. A half-pulled through pony tail, forming a partial
bun is not acceptable. You must also be able to wear a baseball cap with your hairstyle. Ponytails and flyaway hair or wisps are not in regulation. Hint: bring and use hairspray, mousse or gel if you have long hair.

ii. Males: Hair will be neat, clean, trimmed, and present a good appearance. Hair will not touch the ears or the collar. Hair in front will be groomed so it does not fall below the eyebrows or protrude below the band of your cap. Sideburns will be neatly trimmed, tapered, or even width (not flared), and not extend below the lowest part of the exterior ear opening. You will be clean-shaven at all times. A neatly trimmed mustache is allowed as long as it does not extend sideways beyond a vertical line drawn from the corner of the mouth.

e. Tattoos:

i. Tattoos/brands/body markings anywhere on the body that are obscene, commonly associated with gangs, extremist, and/or supremacist organizations, or that advocate sexual, racial, ethnic, or religious discrimination are prohibited in and out of uniform. AFOSI maintains information regarding gang/hate group, etc. on tattoos/brands/body markings. Commanders should contact their servicing AFOSI unit for additional information. Tattoos/brands/body markings with unauthorized content that are prejudicial to good order and discipline or the content is of a nature that tends to bring discredit upon the Air Force are prohibited both in and out of uniform.

ii. Excessive tattoos/brands/body markings will not be exposed or visible (includes visible through the uniform) while wearing any/all uniform combination(s) except the PTU. This includes any combination of short sleeve, long sleeve, open collar uniform, utility uniform sleeves rolled up or worn down, flight duty uniform, etc. This policy does not apply when wearing the PTU. —Excessive‖ is defined as any tattoos/brands/body markings that exceed ¼ (25%) of the exposed body part and are readily visible when wearing any/all uniform combinations(s). The —exposed body part‖ is defined as the total area, to include front, sides and back of a limb or other body part protruding from a uniform item. For example, a tattoo exclusively on the hand cannot exceed 25% of the exposed hand since the hand is considered a separate body part when wearing a long sleeve uniform item. Any tattoos/brands above the collarbone, i.e. on the neck, head, face, tongue, lips, and/or scalp, are prohibited. For example, a tattoo/brand that can be seen on the neck while wearing an open collar, front fastening, blue or utility uniform is prohibited.

2. OPTIONAL ITEMS: Cosmetics, camera, alarm clock, sleepwear, etc.

3. HELPFUL HINTS: Purchase the following items for the school year: lint brush, starch, black shoe polish, cloth rags/cotton balls, black umbrella, black, plain black/navy gloves, black socks, and white V-neck T-shirts. Females will also need 1-1/2-2” plain, black leather heel shoes (not patent leather) and nude or suntan pantyhose.
CHAPTER 3: SAFETY

1. GENERAL SAFETY RULES:
   a. Be safety conscious: no “horseplay” in the dorms, walk up and down the stairs using handrails, and know your surroundings.
   b. Stairwell and entrance lights will remain on at night.
   c. **Drink water at every opportunity to prevent dehydration- start at least 3 days before AF 101!**
   d. Give right of way to vehicles using emergency lights or sirens.

2. PERSONAL VALUABLES:
   a. Secure all your money and valuables. **Be certain** to lock the room when you leave. Report any losses to a member of the AF 101 staff or dorm resident advisor.

3. DORMITORY EMERGENCIES:
   a. Know the location of fire alarms, extinguishers, and proper emergency procedures to follow.
   b. If a fire occurs: Pull the fire alarm, shout “FIRE! FIRE! FIRE!” **BE AWARE** of fire extinguishers, some may not work on particular fires and may actually make the fire worse. Evacuate through the nearest exit. If you are not dressed, wrap up in a blanket and put on shoes and exit building using fire evacuation routes. Notify the AF 101 staff member in charge of your area and the dorm resident advisor.
CHAPTER 4: RULES

1. RULES OF DECORUM: The rules for military decorum are founded on customs and traditions. The responsibility is a mutual one in which the junior individual initiates the act of courtesy.

   a. Address officers by rank or by Sir/Ma’am. Address fellow cadets by “cadet, last name.” Address cadet officers by Sir/Ma’am with last name. Address Non-Commissioned Officers (NCOs) by rank or Sergeant and last name.

   b. Stand up and state your name when asking questions during a briefing.

   c. When an Air Force Officer enters a room, the AF 101 staff will call out “Room, Attention.” We will teach you “attention” at AF 101. At this time, everyone will stand up and remain standing until directed to sit down. When the officer leaves the room, the room will be called to attention unless an officer of equal or higher rank remains in the room.

   d. Saluting: The AF 101 staff will teach you how to properly render a salute during orientation. However, to give you a head start, we are providing some initial information below.

      1. The hand salute is rendered from the position of attention while standing or walking. If your hands are full, simply render a verbal greeting.

      2. Salutes are exchanged outdoors only, upon recognition between officers and cadets, both on and off military installations. Cadets do not salute NCOs.

      3. Saluting distance is six to twelve paces. The salute is held until the salute is returned. Salutes are accompanied by a verbal greeting. Rule of thumb: when you are unsure whether to salute or greet, salute anyways. It is better to do it and be wrong than not do it and be wrong.

   e. Sportsmanship: Embodies the ideals of fairness, self-control, teamwork, and 100 percent effort at all times. Fair play is expected, bad tempers will not be tolerated, and profanity is prohibited.

2. PROHIBITIONS: Rule violations will be dealt with swiftly and may result in counseling and/or dismissal from AF 101. During AF 101, cadets are restricted from:

   a. Consuming alcohol or using tobacco products.

   b. Gambling.

3. DRUG ABUSE: The Air Force does not tolerate the use of illegal drugs or chemicals. Failure to divulge drug abuse may result in disciplinary action and/or barring from AFROTC.

4. MEDICAL TREATMENT: If you require medical treatment, notify a member of the AF 101 staff immediately. Qualified medical personnel will provide all medical treatment.

5. FORMATIONS: All AF 101 participants will learn how to march in formation. Singing “jodies” (inspirational songs while marching) is encouraged. While in a PT uniform, you will double time (light jog) to all events. The only exception: no double time in formation within one half hour of any meal.
CHAPTER 5: PHYSICAL TRAINING (PT)

1. GENERAL REQUIREMENTS: Early morning PT and sports will occur during AF101. The staff physical fitness officer will lead all warm-up exercises.

2. HEAT STRESS: Excessive heat exposure impairs both physical and mental performance. Replace the water lost through sweating by drinking water at every opportunity throughout the day. We constantly monitor the heat index for safety.

3. RUNNING SHOES: Wear high quality, properly fitting shoes to minimize blisters and injury. Ensure your socks are not bulky and do not bunch up.

4. SPORTS OR DODMERB PHYSICAL: You must have obtained a sports physical or DODMERB physical prior to participation in any AF 101 physical activity. If you do not have a sports physical, you will not be allowed to participate in AFROTC. A copy of this physical is at the back of this handbook. Please email the detachment (afrote@virginia.edu) to get a digital copy to take to your physician.
