

Meaningful Watershed Education Experience Evaluation

Saturday, October 24: 10:00 a.m. – 2:30 p.m.

All Current and Former Classroom and School System MWEE Project Grant Recipients are invited to attend the Focus Group Meeting being held as part of an extensive, statewide evaluation process:

Co-sponsored by the VA Resource Use Education Council, VA Dept. of Environmental Quality and the hosting organizations

Each session will include two hours of professional development, focus group discussion questions, resource sharing, feedback on future grant proposals and a meal. Those registering for the Oct. 24 session may vote for one of the following proposed PD sessions: LaMotte SMART2 Colorimeter - a new tool for water quality analysis, Karst Hydrology - using a model to teach groundwater systems, Hydrogeology Models - stormwater run-off and groundwater recharge demos and Using Fieldscope - a new on-line tool for watershed analysis. Nov. 12 and 13 PD sessions will feature Project WET's *Watershed Manager Educator's Guide*. **All focus group meeting participants will receive a copy of this curriculum.**

To Register: email Kristine.Jarvis@deq.virginia.gov your name, school or organization, session date, PD vote (Oct.24 only) and an after-hours phone number, no later than one week in advance. Call Kris Jarvis at 804-698-4274 or 540-672-5408 with questions.

Visit www.vanaturally.com regularly for updates on these meetings and an on-line evaluation option!
