- I understand that our entry fee is to cover any minor damage. Damage other than very minor damage will need to be repaired by our company or I will need to pay Blandy Farm for the necessary repairs.
  
- I know that we must be finished with our design on Thursday evening. I understand that the design must be on display through the end of the fair at 4:30 on Sunday. I understand all of the requirements stated in the vendor packet. I have read the list of invasive plants and I will not bring invasives onto the State Arboretum property.
