- Bachelor of Science Architecture
- Bachelor of Urban & Environmental Planning
- Master of Architectural History
- Master of Architecture
- Master of Landscape Architecture
- Master of Urban & Environmental Planning
- PhD in the Constructed Environment
- PhD in Art + Architectural History

**Quick Facts**

- In addition to its degree programs, the School of Architecture offers Certificates in Urban Design and Historic Preservation, as well as the Global Sustainability Initiative.
- The School of Architecture has founded four Centers focused around research initiatives related to design and the built environment. Each is invested in interdisciplinary, transdisciplinary and collaborative work:
  - The Center for Design and Health
  - The Center for Cultural Landscapes
  - The Community Design Research Center
  - The Institute for Environmental Negotiation
- The School of Architecture’s programs ranked highly in the 2016-2017 Design Intelligence rankings of “America’s Best Architecture and Design Schools.” The graduate Landscape Architecture program was recognized in the top 10 list and the A-School received the overall #15 spot for the top Graduate Architecture programs. This list is compiled by both hiring professionals and academic leaders in the field.
