The Board of Visitors of the University of Virginia met, in Open Session, in the East Oval Room of the Rotunda at 11:35 a.m., Friday, October 1, 2004; Gordon F. Rainey, Jr., Rector, presided. Thomas F. Farrell, II, William G. Crutchfield, Jr., Ms. Susan Y. Dorsey, G. Slaughter Fitz-Hugh, Jr., W. Heywood Fralin, Ms. Glynn D. Key, Mark J. Kington, Lewis F. Payne, Don R. Pippin, Terence P. Ross, E. Darracott Vaughan, Jr., M.D., Ms. Georgia M. Willis, John O. Wynne, and James W. Head were present.

The Rector called the meeting to order and asked Ms. Willis to lead the Board in the Pledge of Allegiance.

APPROVAL OF THE MINUTES OF THE JUNE AND JULY MEETINGS OF THE BOARD

On motion, the Minutes of the June 11-12, and July 30-31 meetings of the Board of Visitors were approved.

DEATH OF PRESIDENT HEREFORD

The Rector noted the death of Frank L. Hereford, Jr., fifth President of the University, on September 21st. His funeral took place on September 27th and the Rector announced that there will be a University memorial service in Cabell Hall on November 20th.

APPROVAL TO CONSIDER ADDENDA TO THE AGENDA

Following the rules set down in the Board Manual that the Board must vote on addenda to the meeting Agenda proposed since the publication of the Agenda, the Rector asked the Board to vote on whether or not to consider these items.
The Board voted unanimously to consider the addenda.

ATLANTIC COAST CONFERENCE CERTIFICATION

Each year, the Atlantic Coast Conference directs the presiding officers of the governing boards of each of its member institutions to certify that the administration of the institution’s athletic program has been delegated to the Chief Executive Officer of that institution. The Rector read the required statement to the Board and said he would sign and forward it to the ACC.

NCAA COMPLIANCE TRAINING

The Rector reminded the Board that once a year, the Compliance Officer in the Athletics Department conducts a brief NCAA compliance training session for Members of the Board. Mr. Booz, the Associate Athletic Director for Compliance, conducted the session, the principal aim of which was to inform Members of the strict NCAA rules governing the recruitment of athletes and what role members of governing boards may play in the process.

SUMMER ORIENTATION

The Rector thanked Members who participated in the Summer Orientation sessions for incoming students in July, and he commended Ms. Tabitha Enoch, the Director of Orientation, for the work she did in organizing the sessions. He noted that Summer Orientation, a fairly recent innovation at the University, has gotten better each summer in recent years and that Ms. Enoch’s infectious enthusiasm and her good work has been the reason for this.

PRESIDENT’S REPORT

The Rector then asked the President to give his customary report.

The President noted that Mr. Robert Harris, Dean of the Darden School, has announced that he will step down as Dean in June; a search committee for a new Dean has been organized under the chairmanship of the Provost.

The University Press has issued its first electronic imprint, *The Dolley Madison Digital Edition*, which is an edited collection of letters. It is being supported by the Mellon Foundation, with matching funds from private unrestricted gifts.
The President reported that he and Mr. Sandridge have held two open meetings for faculty, staff, and students to discuss the Charter legislation. More such meetings will held over the course of the semester. He then commented on the legislation and various groups who support and oppose it, as well as other legislation affecting the University that might come before the General Assembly at this Session.

The President discussed a recent racial incident in which a fourth year student, a resident of the Lawn, found a racial epithet written on her car. He described the University's response to the incident and how matters of this sort should and will be handled in the future. He emphasized that intolerance has no place in the University and that if incidents of this sort occur again, the University will respond quickly and firmly.

GIFTS AND GRANTS REPORT

The President noted first that private giving to the University and its related foundations for Fiscal Year 2004, that is the year that ended on June 30, 2004, amounted to $174.9 million. If the distribution last year from the estate of David Harrison is excluded, the base rate of fund raising has increased by 13% over the last fiscal year.

Turning to figures for the first two months of the current fiscal year, that is, July 1-August 31, he reported that private giving is $18.5 million, which is a decrease of $2.4 million or 12% from the same period last year. Nonetheless, the College, the University Library and The University of Virginia's College at Wise report substantial increases in giving.

Among significant gifts received since the June Board meeting are a bequest of $2.32 million to the College from the Estate of Mrs. Frances M. Burger – the gift benefits the Alfred and Frances Burger Endowed Fellowship Fund for Chemistry. The Pew Charitable Trust has made a $1.5 million grant to the College for the Center on Religion and Democracy. There is a bequest of $1 million for the John C. Buchanan Professorship in Internal Medicine from the Estate of Jean Lui Phipps. A $1 million bequest from the Estate of Paul F. Dishner, M.D. is to be split between The University of Virginia’s College at Wise and the School of Continuing and Professional Studies center at Abingdon.

Among significant new pledges in the same period is a $10 million pledge from Mrs. Ann Lee Saunders Brown, to be split between the School of Engineering and the University Library – the...
President reminded the Board that Mrs. Brown would be their guest at lunch later in the day. Microsoft Corporation has made a $3 million pledge to the Darden School Foundation for a joint program between the Darden School and the Curry School of Education for the Virginia School Turnaround Specialist Program. The Horace W. Goldsmith Foundation has pledged $1.5 million for the endowment held by the Law School Foundation. Bristol-Myers Squibb Medical Imaging, Inc. has made a pledge of $1 million to the School of Medicine for the George A. Beller, M.D./Bristol-Myers Squibb Medical Imaging, Inc., Professorship in Cardiovascular Medicine. The John H. Birdsall Revocable Trust has pledged $1 million to The College Foundation for unrestricted use.

The final pledge the President reported came from Mr. Daniel Maxwell Meyers of Boston who announced last week that he intended to double his pledge to the Curry School, bringing his total pledge to $22 million; this is thought to be the second largest gift ever made to an American school of education.

PROFESSORSHIPS AND NAMINGS

The Board recessed at 12:30 p.m., for its lunch in honor of Mrs. Brown; it resumed at 2:00 p.m., in the Dome Room of the Rotunda and adopted the following resolutions:

ESTABLISHMENT OF THE VINCENT AND ELEANOR SHEA PROFESSORSHIP IN ARCHITECTURE

WHEREAS, the late Vincent and Eleanor Gray Shea were pillars of the University community and generous and quiet benefactors of this institution; and

WHEREAS, Mrs. Shea, who predeceased Mr. Shea, set up a trust with funds to endow a professorship in the School of Architecture; and

WHEREAS, these funds have now become available;

RESOLVED, The Board of Visitors establishes the Vincent and Eleanor Shea Professorship in Architecture, to be held in the School of Architecture, and in so doing honors the memory of two generous benefactors who were exemplary citizens of the University of Virginia in every meaning of citizenship.
ESTABLISHMENT OF THE CHARLES E. HORTON PROFESSORSHIP IN INTERNATIONAL PLASTIC SURGERY

WHEREAS, Charles E. Horton of Suffolk took the M.D. from the School of Medicine in 1947; and

WHEREAS, Dr. Horton began the practice of plastic surgery in Norfolk in 1955 and became a leader in his field; and

WHEREAS, Dr. Horton, as director of graduate medical education at the Eastern Virginia Medical School in Norfolk, established a most distinguished residency program in plastic surgery; and

WHEREAS, Dr. Horton, in 1984, founded Physicians for Peace, a non-profit organization that sends volunteer teams of healthcare providers to some of the most destitute places on earth; and

WHEREAS, a professorship is proposed in the School of Medicine to honor Dr. Horton and his work and to encourage others to follow his example;

RESOLVED, the Board of Visitors establishes the Charles E. Horton Professorship in International Plastic Surgery, to be held in the Department of Plastic Surgery at the School of Medicine, thanks the many generous donors who have made the chair possible, and salutes Dr. Horton as an outstanding practitioner of compassionate medicine.

NAMING OF THE CHARLES L. BROWN DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING

WHEREAS, Charles L. Brown, a native of Richmond, was an alumnus of the School of Engineering; and

WHEREAS, Mr. Brown gave devoted service to the University as a Member of the Board of Visitors and as Vice Chairman of the Campaign Executive Committee in the last capital campaign, and in many other ways; and

WHEREAS, Mr. Brown died on November 12, 2003, in Richmond; and

WHEREAS, Ann Lee Saunders Brown, widow of Mr. Brown, has made a substantial gift to the School of Engineering in Mr. Brown’s memory;

RESOLVED, the Board of Visitors names the Department of Electrical and Computer Engineering in the School of Engineering, the Charles L. Brown Department of Electrical and
Computer Engineering, thanks Mrs. Brown for her generous gift and remembers, with gratitude, Mr. Brown's leadership and devotion to the University of Virginia.

NAMING OF THE CHARLES L. BROWN SCIENCE AND ENGINEERING LIBRARY

WHEREAS, Charles L. Brown, a native of Richmond and a devoted alumnus of the School of Engineering, served the University of Virginia in many ways; and

WHEREAS, Mr. Brown was a Member of the Board of Visitors and Vice Chairman of the Campaign Executive Committee in the last capital campaign; and

WHEREAS, Mr. Brown died in Richmond on November 12, 2003; and

WHEREAS, Ann Lee Saunders Brown, Mr. Brown's widow, has made a substantial gift to benefit the Science and Engineering Library in Clark Hall;

RESOLVED, the Board of Visitors, in gratitude for Mrs. Brown's generosity and in grateful memory of Mr. Brown, names the Science and Engineering Library the Charles L. Brown Science and Engineering Library.

In addition, the Board heard reports on two namings, neither of which required action on its part:

THE ERIC GOODWIN PASSAGE

The Eric Goodwin Passage is a construction adjacent to the North Terrace of Campbell Hall. It is a memorial to Eric Goodwin, a member of the Class of 2002 in the School of Architecture who died during his last year in the School. It was designed by Peter Waldman, Professor of Architecture, and his students, in collaboration with other faculty members.

THE UNIVERSITY OF VIRGINIA CHILDREN'S HOSPITAL

At its meeting on September 2nd (see the Minutes of the meeting of the Medical Center Operating Board, September 2, 2004), the Medical Center Operating Board, by resolution, endorsed the recommendation of the Medical Center Administration that the
University of Virginia Children's Medical Center be renamed the
University of Virginia Children's Hospital.

The Board recessed at 2:25 p.m.

COMMITTEE REPORTS

The Board resumed meeting as the full Board, in Open Session,
at 2:50 p.m., in the East Oval Room of the Rotunda. All Members
present at the earlier sessions were there, with the addition of
Mr. Thompson.

Reports on earlier committee meetings were heard from the
Chairs of the Educational Policy Committee, the Finance Committee,
the Medical Center Operating Board, and the Student Affairs and
Athletics Committee: summaries of actions taken by these
committees may be found in the respective Minutes of those
meetings. In addition, Mr. Wynne, during the report of the Chair
of the Finance Committee, reported briefly on the search for a
President of the University of Virginia Investment Management
Company (UVIMCO), and Dr. Garson reported on the progress of
several important searches in the School of Medicine.

WTJU ANNUAL REPORT

Mr. Farrell, reporting as the Chair of the Student Affairs and
Athletics Committee, introduced a business item that had come to the
Committee for approval subsequent to its meeting on September 10th:
The customary consideration of the Annual Report of WTJU. The Rector
and Visitors hold the license for WTJU and thus must approve the
Annual Report of this radio station.

On motion, the Annual Report was approved (see below for the
text of this resolution).

APPROVAL OF WTJU’S 2003-04 ANNUAL REPORT

RESOLVED that WTJU’s 2003-04 Annual Report be approved, as
recommended by the President and the Vice President for Student
Affairs.
EXECUTIVE SESSION

After adopting the following motions, the Board went into Executive Session at 3:25 p.m.

That the Board of Visitors of the University of Virginia go into Executive Session for the purpose of discussing personnel matters pertaining to the appointment, assignment, reappointment, promotion, performance, compensation, discipline, separation and resignation of specific employees of the University of Virginia; as provided for in Section 2.2-3711 (A) (1) of the Code of Virginia.

That the Board of Visitors go into Executive Session to consult with General Counsel with regard to his privileged report to the Board on pending and anticipated litigation affecting the University; and on applicable law with respect to specific personnel actions, as provided for in Section 2.2-3711 (A)(1) and (7) of the Code of Virginia.

That the Board of Visitors go into Executive Session to consult with legal counsel and to discuss and evaluate specific gift terms and fund-raising activities including a proposed gift memorial, as provided for in Section 2.2-3711 (A) (4),(7), and (8) of the Code of Virginia.

At 5:25 p.m., the Board adopted a resolution certifying that its actions in Executive Session had been conducted in accord with the provisions of the Virginia Freedom of Information Act.

The Board then recessed for the evening.

POLICY DISCUSSION

The Board resumed meeting, as the full Board, in Open Session at 9:55 a.m., Saturday, October 2, 2004, in the East Oval Room of the Rotunda. All Members who were at the previous day’s meeting were present, save Messrs. Crutchfield and Ross.

The policy discussion was led by Mr. David Neuman, Architect for the University; the set topic was “Physical Planning and its Relationship to the Mission of the University.” The discussion concluded with a resolution by the Board, “Approval of Policy for
Involvement of the Board of Visitors in the Capital Planning Process.” (The text of this resolution may be found below.)

APPROVAL OF POLICY FOR INVOLVEMENT OF THE BOARD OF VISITORS IN THE CAPITAL PLANNING PROCESS

WHEREAS, the Board of Visitors approved the “Procedure for Involvement by the Buildings and Grounds Committee in Design Review of Capital Projects” on February 5, 2004 and the “Procedure for the Selection of Architects and Engineers” on May 13, 1993; and

WHEREAS, these procedures define the role of the Buildings and Grounds Committee in the capital planning process; and

WHEREAS, the Board reviewed recommendations to improve the capital planning process on April 17, 2004 as a part of the University’s renewed effort to plan more fully and comprehensively; and

WHEREAS, these recommendations improve existing physical planning policies and procedures to ensure that physical planning works in close harmony with academic and financial planning to develop workable strategic plans that accomplish institutional goals within the allotted time and budget; and

WHEREAS, these recommendations are more comprehensive than the approved procedures;

RESOLVED that the “Procedure for Involvement by the Buildings and Grounds Committee in Design Review of Capital Projects,” dated February 5, 2004, and the “Procedure for the Selection of Architects and Engineers,” dated May 13, 1993, are rescinded; and

RESOLVED FURTHER that the “Policy for Involvement of the Board of Visitors in the Capital Planning Process,” be adopted as follows:

POLICY FOR INVOLVEMENT OF THE BOARD OF VISITORS IN THE CAPITAL PLANNING PROCESS

1. Capital Plan: The Board of Visitors shall approve Six-Year Capital Outlay Plans and individual capital projects outside of the Six-Year Capital Outlay Plans, upon the recommendation of the Buildings and Grounds Committee. Approval shall include 1) endorsement of the programmatic concept and justification for each capital project, and 2) financial feasibility of proposed funding plans for construction and operating costs. To facilitate these
approvals, the Buildings and Grounds Committee shall seek the advice and consent of the appropriate committees of the Board on the Six-Year Capital Outlay Plans. For programmatic endorsements, advice and consent shall be sought from the chair or the chair’s designee of the Educational Policy Committee (academic projects), Medical Center Operating Board (hospital/clinical projects), Student Affairs and Athletics Committee (student activities and athletic/intramural projects) and the Committee on the College at Wise. For endorsement of the funding plans, advice and consent shall be sought from the chair or the chair’s designee of the Finance and External Affairs Committees. Infrastructure plans shall be reviewed by the Buildings and Grounds Committee.

2. Development Review of Capital Projects:

a. The Buildings and Grounds Committee shall meet as required with the Architect for the University to review, at the Committee’s discretion, all major building projects currently underway, at the following stages: 1) Concept, Site, and Design Guidelines, and 2) Schematic Design.

b. A quorum of the Buildings and Grounds Committee will have the authority to grant approval to projects at either stage with the understanding that particular projects identified by the Chair as especially important will be brought to the Committee for its review and approval at a regular meeting of the Board of Visitors.

c. The Buildings and Grounds Committee will report all of its actions to the Board of Visitors at its next regular meeting.

d. If a schematic design does not receive approval from the Buildings and Grounds Committee, it will be referred back to the Architect for the University for further development of the design concept.

e. The Buildings and Grounds Committee oversight includes “Contract Review,” which informs the committee of the selected builder, the anticipated schedule to occupancy, and the project budget. If as a result of bidding, a project’s budget must be increased by more than 10 percent, approval by the Buildings and Grounds Committee and the Finance Committee, or their respective chairs, will be required before the contract is awarded. If to stay within its budget, a project’s scope must be reduced by more than 10 percent, approval by the Buildings and Grounds Committee, or the committee chair, will be required before the contract is awarded.

3. Funding Requirement for Project Initiation: To ensure that complete funding for construction projects is available when needed,
the start of construction for projects with private funding components may begin only when 100 percent of the required cash and written enforceable pledges on a present-value basis are in hand and 100 percent of the cash is projected to be in hand prior to the completion of construction. If the enforceable pledges will not be in hand prior to the completion of construction, the project may be allowed to proceed into construction if the project proponent can demonstrate that it has the funding to cover short-term financing costs. Any exception to this policy shall be approved by the Executive Vice President and Chief Operating Officer with the concurrence of the Chair of the Finance Committee.

If during the design of a project, fund raising lags behind projections, the Administration may halt the design process until sufficient funds have been raised, or may set specific fund raising target dates that must be met before a project proceeds to the next stage of project development.

4. **Selection of Architects and Engineers:**

a. The Architect for the University shall be responsible to the Executive Vice President and Chief Operating Officer for the management of the selection process and recommendation for contract approval of all consultant architects, planners, and landscape architects. This delegation includes contracts for all new buildings, additions to existing buildings, exterior modification of existing buildings, historic preservation/conservation projects, major landscape projects, and site furnishing projects of $5 million or less. The Buildings and Grounds Committee shall approve the selection of architects, planners, and landscape architects for all projects in excess of $5 million.

b. The Vice President for Management and Budget shall be responsible to the Executive Vice President and Chief Operating Officer for the management of the selection process and recommendation for contract approval of all engineers. This delegation includes contracts for the design of specific engineering and related infrastructure projects of $5 million or less. The Building and Grounds Committee shall approve the selection of engineers for all projects in excess of $5 million.

5. **University Land Use and Grounds Plans:**

The Architect for the University shall provide an annual status report on the University's Overall Land Use and Grounds Plans to the Buildings and Grounds Committee for review and approval of any proposed major modifications to the currently approved plans.
6. **Establishment of Funding for Operations of New Capital Facilities:**

Capital projects undertaken by the University involve not only the initial investment to construct a facility or renovate an existing structure, but also the funding of ongoing operating costs. The plan for funding operating costs shall be confirmed before a commitment is made to undertake a new capital project.

**APPENDIX A**

Buildings and Grounds Committee - February 5, 2004

**PROCEDURE FOR INVOLVEMENT BY THE BUILDINGS AND GROUNDS COMMITTEE IN DESIGN REVIEW OF CAPITAL PROJECTS**

1. The Buildings and Grounds Committee shall meet as required with the Architect for the University to review, at the Committee’s discretion, any or all of the building projects currently underway, at the two design stages designated by the Committee: Architectural Design Guidelines and Schematic Design.

2. A quorum of the Buildings and Grounds Committee will have the authority to grant approval to projects at any design review stage with the understanding that projects identified by the Chair as being major and/or particularly sensitive will be brought to the Committee for its review and approval during a regular meeting of the Board of Visitors.

3. The Buildings and Grounds Committee will report all of its actions to the Board of Visitors at its next regular meeting; and the Buildings and Grounds Committee may instruct the Chair that it desires to review particular projects only at regular meetings of the Board.

4. Projects failing to win approval at any design review stage from the Buildings and Grounds Committee will be referred back to the Architect for the University for further development.
PROCEDURE FOR THE SELECTION OF ARCHITECTS AND ENGINEERS

1. Selection of architects and engineers for Capital Outlay projects shall be submitted for the approval of the Board for all projects meeting the following criteria:

   a. Any commission or contract for the design of new facilities, additions to existing facilities, or renovations affecting the exterior appearance of existing facilities, regardless of total project cost.

   b. Any commission or contract for the design of improvements or renovations at a total project cost of $500,000 or more.

   c. Any commission or contract to an out-of-state firm for either preplanning studies or design services.

2. Selection of architects and engineers for Capital Outlay projects may be approved by the University administration (with prior notification to the Chairman of the Buildings and Grounds Committee) and the Board advised, for projects as follows:

   a. All preplanning studies not involving out-of-state firms.

   b. Any commission or contract for the design of improvements or renovations at a total project cost of less than $500,000, not involving out-of-state firms.

The policy discussion ended at 10:20 a.m.

CONFLICT OF INTEREST TRAINING

The Board then participated in a required session on the Virginia Public Procurement Act and the State and Local Government Conflict of Interests Act. All Members were present,
save Messrs. Crutchfield, Ross and Saunders, who will receive the training at a later date. The session was conducted by Mr. Richard Kast, Associate General Counsel. At the end of the session, Members signed a certification of training form which, according to Virginia law, will be retained for public inspection for five years.

The session ended at 11:00 a.m.

APPROVAL OF THE TRANSFER OF REAL PROPERTY FROM THE UNIVERSITY OF VIRGINIA FOUNDATION TO THE UNIVERSITY OF VIRGINIA RECTOR AND VISITORS IN SUPPORT OF THE NORTH GROUNDS CONNECTOR
(from the Finance Committee)

WHEREAS, the construction of, and right-of-way for, the North Grounds Connector will encroach on the northeast corner of the University of Virginia Foundation’s Montesano property; and

WHEREAS, the Virginia Department of Transportation has determined that to maintain the road as a part of the Commonwealth's Route 302 System, the road right-of-way must fall entirely on state property; and

WHEREAS, the North Grounds Connector is needed to improve access to North Grounds facilities, and the University’s costs associated with the transfer will be limited to closing costs, and will be nominal;
RESOLVED that the gift of the aforesaid property consisting of approximately 4,908 square feet, and located at the northeast corner of the Montesano property, from the University of Virginia Foundation is approved pending appropriate action by the University of Virginia Foundation Board of Directors; and

RESOLVED FURTHER that the Executive Vice President and Chief Operating Officer of the University of Virginia is authorized to execute any and all contracts and other documents pertaining to the transfer of the aforesaid property as he may deem necessary or appropriate.

* Denotes ratification required by the Board of Visitors
(from the Finance Committee)

WHEREAS, the instructions for submitting budget amendments to the Governor have not yet been issued; and

WHEREAS, the expected 2005 operating and capital budget amendments have been carefully reviewed; and

WHEREAS, the expected budget amendments represent the highest priority initiatives and are aligned with the mission of the institution;

RESOLVED that the Board of Visitors of the University of Virginia endorses and supports the proposed amendments to the 2004-2006 biennial budget; and

RESOLVED FURTHER that the Executive Vice President and Chief Operating Officer is authorized to transmit the final biennial budget amendments to the Governor as long as there are no material differences from the items already endorsed by the Board of Visitors; and

APPROVAL OF REPORTING RELATIONSHIPS AND SUPERVISORY STRUCTURE FOR DUAL EMPLOYMENT SITUATION

The following resolution was adopted:

WHEREAS, the Virginia Conflict of Interest Act permits the dual employment of immediate family members by public institutions of higher education that would otherwise be prohibited by the Act, subject to the following conditions:

(i) the officer or employee and the immediate family member are engaged in teaching, research, or administrative support positions at the educational institution, (ii) the governing board of the educational institution finds that it is in the best interest of the institution and the Commonwealth for such dual employment to exist, and (iii) after such finding, the board establishes and oversees the implementation of reporting relationships and a supervisory structure to ensure that the officer or employee, or the immediate family member, does not supervise, evaluate or otherwise participate in personnel decisions regarding the other; and

WHEREAS, John A. Jane, Sr., M.D., Ph.D., and John A. Jane, Jr., M.D., are father and son, and are both employees in the School of Medicine (Dr. John A. Jane, Sr., as Chair of Neurological Surgery, and Dr. John A. Jane, Jr., as Assistant Professor of Neurological Surgery); and

WHEREAS, Dr. John A. Jane, Jr., is an employee in the Neurological Surgery Department, School of Medicine, of which Dr. John A. Jane, Sr., is the Chair;

RESOLVED that the Board of Visitors finds it in the best interest of the University of Virginia and the Commonwealth to employ Dr. John A. Jane, Sr., and Dr. John A. Jane, Jr., in their respective positions in the School of Medicine; and

RESOLVED FURTHER that the reporting relationship and supervisory structure shall be as follows: (a) in Dr. John A. Jane, Jr.’s, capacity as an employee in the Neurological Surgery Department, School of Medicine, he
reports directly to and is supervised by Dr. Neal F. Kassell, Professor and Co-Chair of Neurological Surgery, not to the Chair of the Neurological Surgery Department, School of Medicine; and (b) regarding Dr. John A. Jane, Sr.’s, position as Chair of the Neurological Surgery Department, School of Medicine, there is no reporting or supervisory relationship between Dr. John A. Jane, Jr., and Dr. John A. Jane, Sr.

RESOLUTIONS FROM THE MEETING OF
THE AUDIT AND COMPLIANCE COMMITTEE

OCTOBER 1, 2004
It is the policy of the University to establish and support the Audit Department for the purpose of assisting management in the effective discharge of its responsibilities for the control of University resources.

The mission and objectives of the Audit Department are as follows:

To perform financial audits for the purpose of ensuring that:

(a) Cash, accounts receivable, and other assets of the University are promptly and completely recorded, accounted for, authorized and adequately safeguarded against losses and misappropriation.

(b) Liabilities of the University have been properly incurred and are properly recorded and discharged. Audits directed to financial accountability will include a review of records, source data, fiscal procedures and internal controls.

To perform operational audits for the purpose of ensuring that University operations are conducted efficiently, effectively, and in accordance with appropriate and adequately documented policies, plans, and procedures. Operational audits will encompass a review of the policies, plans, procedures, organizational structure, staffing, and output of the audited unit. These audits will also include evaluating the accomplishment of established objectives and goals for operations and programs.

To provide the Board of Visitors and senior management with an independent, fair and objective appraisal of the effectiveness of the University's financial accountability systems and operational performance in accordance with the priorities established by the Director of Audits in coordination with the Board of Visitors, the President and the Executive Vice President and Chief Operating Officer and approved by the President and the Board of Visitors.

To provide management with constructive criticism and positive recommendations designed to strengthen and improve performance results and cost effectiveness of their operations.
AUDIT CHARTER

To inform the Board of Visitors and Senior University management of any financial irregularities, investigations, or other risks to the institution that the auditors discover during the course of their work.

The work of the Audit Department will be conducted in accordance with the Standards for the Professional Practice of Internal Auditing as promulgated by the Institute of Internal Auditors. Other professional standards, such as the Government Accounting Office "Yellow Book," shall be utilized when appropriate.

The following policies identify the responsibilities of the Audit Department and provide guidelines for its interaction with all University departments and activities.

Organizational Responsibilities

The Director of Audits shall be responsible to the Board of Visitors but shall maintain a dual reporting relationship to both the Board and the President. The Director will seek input on the department's activities from the Board of Visitors, the President, and the Executive Vice President and Chief Operating Officer. The Director will have unrestricted access to the President and the Board of Visitors. The Director is responsible for the direction of the audit function and for seeing that the results of examinations and actions taken are communicated to appropriate levels of University management and, as appropriate, the President and the Board of Visitors.

The Director of Audits will draft an annual audit plan and will solicit input on this plan from the Board of Visitors, the President, the Executive Vice President and Chief Operating Officer and other senior management of the institution. The plan will be submitted to the Board of Visitors for approval.

Nothing herein shall be construed as preventing the Director of Audits from consulting with the President and the Executive Vice President and Chief Operating Officer on activities of the department, its findings, or significant issues. Nor shall the President and the Executive Vice President and Chief Operating Officer be prevented from
consulting with the Director of Audits as may be necessary to the execution of their duties.

The Audit Department will give full consideration to scheduling special audit requests made by any department or activity. All requests should be in writing to the Director of Audits and state the purpose and scope of the audit.

Independence

The Audit Department will be organizationally and functionally independent from all University operations and will have no responsibility for the departments and activities being audited while being responsive to their needs and requirements. Because the Audit Department must be independent in carrying out its responsibility to monitor and evaluate control procedures instituted by management, the extent of audit work to be performed with respect to those procedures is limited to the assessment of such procedures.

The Audit Department normally performs tests of underlying records and documentary support for transactions. Accordingly, objectivity would be lost if the Audit Department participated in accumulating data or reconstructing records.

Authorities and Limitations

The Audit Department personnel will have complete, free and unrestricted access to all University departments, activities, records, properties and personnel, and is not to be restricted in their activities. Where appropriate, special arrangements will be made for the examination of confidential information.

Systems Planning and Development

The Audit Department will participate in the planning, development, implementation, and modification of major computer-based and manual systems to ensure that:
(a) adequate controls are incorporated in the system;
(b) thorough system testing is performed at appropriate stages;
(c) system documentation is complete and accurate; and
University of Virginia

AUDIT CHARTER

(d) the resultant system is a complete and accurate implementation of the system specifications.

The Audit Department will conduct post-installation evaluations of major information technology systems to ensure that these systems meet their intended purpose and objectives. The department also will review computer operations supporting such systems to ensure that generally accepted standards for systems integrity and security, as well as system-specific controls, are being observed.

Security Investigations

The Audit, Risk Management and University Police Departments are to be notified if assets have been lost through defalcation or other security breaches. The Audit Department will perform sufficient tests and investigations to identify the weaknesses in procedures, which permitted the defalcation to occur. However, the investigation of the specific event with the objective of recovery and/or prosecution is the responsibility of the University Police Department, with the decision to prosecute being the responsibility of the appropriate Commonwealth’s Attorney.

Coordination With External Auditing Agencies

The Director of Audits will coordinate the department’s audit efforts with those of the University’s independent public accountants or other external auditing agencies by participating in the planning and definition of the scope of proposed audits so the work of all auditing groups is complementary, and their combined efforts provide comprehensive, cost-effective audit coverage for the University. Duplication of work will be avoided as much as possible.

Reporting

Prior to the completion of a formal report, an exit conference will be conducted with the department or activity head. The conference will be a review of all findings, conclusions, and recommendations. A formal report will be issued at the conclusion of every audit, which will present a concise, clear and factual review of the conditions found, together with recommendations for improvement. A formal written response shall be issued to
AUDIT CHARTER

the Director of Audits within 30 days addressing each finding, recommendation, and exception included in the audit report. This response will include the department’s or activity’s plan for implementing the recommendations or a presentation of significant disagreement with the findings and/or recommendations.

A follow-up review of significant audit recommendations will be made by the Audit Department to establish that agreed-to recommendations have been adopted. A memorandum will be issued on the follow-up review to the President and the Executive Vice President and Chief Operating Officer.

Distribution of Reports

Audit reports will be issued to the Vice President responsible for the department or activity involved. In addition, copies of all such reports will be distributed to the President, the Executive Vice President and Chief Operating Officer, and the senior fiscal administrator having a functional interest in the subject matter.

All audit reports will be available for review by the Board of Visitors.

A summary of significant audit findings will be prepared for each Board meeting and submitted to the Board of Visitors, the President, and the Executive Vice President and Chief Operating Officer.

Code of Ethics & Statement of Values

Preamble:

Whereas, the success and reputation of the University as a premier center of learning and provider of public services is dependent upon public confidence in its operations and the integrity of its transactions; and

Whereas, the character of any organization is reflected not only by its aspirations and its standards but also by the ethics and behaviors of its leadership and staff; and

Whereas, the General Assembly of Virginia has enacted a comprehensive code of ethics which both defines and prohibits inappropriate and illegal conflicts of interests applicable state-wide to all governmental officers and employees; and

Whereas, the departments and schools of the University have likewise administratively enacted comprehensive personnel and procurement policies and procedures to promote objective fairness in their operations; and

Whereas, in recognition of the fundamental importance of integrity in all that the University does and undertakes, the Board of Visitors hereby adopts the following ethical principles to govern, guide and inspire the University community to the highest standard of ethical behaviors. These principles do not replace existing standards of conduct or personnel policies, nor obviate appropriate attention to professional ethics as may be applicable in specific circumstances.

Now therefore, with continued commitment to excellence and integrity, and to better serve the people of Virginia, the following principles are adopted applicable to all who act for or on behalf of the University of Virginia.

1. We perform our public responsibilities, services and activities ethically, competently, efficiently and honestly, in keeping with University policy and applicable law.
University of Virginia

Code of Ethics & Statement of Values

2. We expect that all necessary and proper controls safeguarding public resources are in place and observed, with periodic auditing of functions and departments by the State Auditor of Public Accounts and/or the University Auditor who shall report directly to the Board of Visitors’ Audit and Compliance Committee.

3. While in the service of the University, we conduct ourselves free of personal conflicts or appearances of impropriety, mindful that our exercise of authority on behalf of the University has been delegated fundamentally for the public good. Conflicting interests or influences are promptly disclosed to our superiors and appropriate steps are undertaken to promote the integrity of University business and other transactions.

4. We do not accept anything of value offered in consideration of performing our public duties, other than the compensation, benefits and reimbursement of expenses duly authorized by the University or otherwise permitted by law. We do not accept any favor, loan, service, business or professional opportunity from anyone knowing (or when it should be known) that it is offered in order to improperly influence the performance of our public duties, or when acceptance thereof may reasonably be perceived as an impropriety in violation of University policy or state law. University procurements of goods or services are undertaken only by authorized personnel and, when competitive principles apply, decisions are made impartially and objectively in accordance with established policy and state law.

5. We preserve and respect the confidentiality of University records, including patient and student records. We do not externally disclose confidential records or other non-public information without appropriate authorization, and any confidential record or information we access as a result of our position or duty is neither exploited for personal benefit nor misused for any unauthorized purpose.

6. We are committed to the principles of federal and state law guaranteeing equal opportunity and non-discrimination with respect to University services, programs, activities and employment, and we support an environment that respects the rights and opinions of all people which, in the words of our Founder, promote “the illimitable freedom of the human mind.” Complaints of discrimination, harassment and

retaliation are investigated and when warranted appropriate corrective action is taken and disciplined in accordance with University policy and applicable law.

7. Our communications on behalf of the University with all persons, including co-employees, clients, customers, patients, students, guests and vendors, are conducted professionally and with civility.

8. We do not condone dishonesty in any form by anyone, including misuse of University funds or property, fraud, theft, cheating, plagiarism or lying. We encourage and expect reporting of any form of dishonesty, and our managers and supervisors to appropriately investigate such reports. We also expect that the police and/or State Auditor of Public Accounts will be notified when circumstances reasonably indicate fraud or theft of University funds.

9. We strive for continuous improvement in our performance of public duties for the University, mindful of the public cost to our activities which must be reasonable and appropriately authorized.

10. We bring to the attention of supervisors and managers, the University Auditor or other responsible University office, any violation of these principles or circumstances reasonably indicating that a violation has occurred or may occur. Such reporting in good faith in order to promote the ethical integrity of operations is expected and encouraged by the University, and retaliation by any University employee as a result against the person making such good faith report shall be subject to disciplinary action. We appropriately investigate all such reports and, when warranted by the facts, require corrective action and discipline in accordance with University policy and state law.
