

LEGISLATIVE PROPOSAL

The University proposes an exception to the State Conflicts of Interest Statute, § 2.2-3106, which would allow public institutions of higher education and their libraries to purchase scholarly collections or papers of unique academic or research value from their faculty. Current statute generally prohibits contracts between state employees and their employing institutions. A limited exemption is needed to prevent the loss of such irreplaceable collections to vendors and institutions in other states.

Proposed legislation for the 2005 Session must be sent to the Governor's Office before the next regular Board of Visitors meeting at the end of September, and is therefore being brought before the Board for consideration at this time.

ACTION REQUIRED: Approval by the Board of Visitors

APPROVAL OF LEGISLATIVE PROPOSAL

RESOLVED, the Board of Visitors approves and endorses the proposed legislation to create an exception to the current state conflicts of interests statute, allowing public institutions of higher education to purchase the collections or scholarly works of an employee, including manuscripts, musical scores, poetry, research, paintings, books, and other materials, writings or papers of academic, research or cultural value to the institution, provided the president approves the acquisition as being in the best interests of the institution's public mission of service, research and education. The proposed legislation, which follows, would extend an existing exemption for public institutions of higher education:

§ 2.2-3106. Prohibited contracts by officers and employees of state government and Eastern Virginia Medical School.

A. No officer or employee of any governmental agency of state government or Eastern Virginia Medical School shall have a personal interest in a contract with the governmental agency of which he is an officer or employee, other than his own contract of employment.

B. No officer or employee of any governmental agency of state government or Eastern Virginia Medical School shall have a personal interest in a contract with any other governmental

agency of state government unless such contract is (i) awarded as a result of competitive sealed bidding or competitive negotiation as defined in § [2.2-4301](#) or (ii) is awarded after a finding, in writing, by the administrative head of the governmental agency that competitive bidding or negotiation is contrary to the best interest of the public.

C. The provisions of this section shall not apply to:

1. An employee's personal interest in additional contracts of employment with his own governmental agency that accrue to him because of a member of his immediate family, provided the employee does not exercise any control over the employment or the employment activities of the member of his immediate family and the employee is not in a position to influence those activities;

2. The personal interest of an officer or employee of a state institution of higher education or the Eastern Virginia Medical School in additional contracts of employment with his own governmental agency that accrue to him because of a member of his immediate family, provided (i) the officer or employee and the immediate family member are engaged in teaching, research or administrative support positions at the educational institution or the Eastern Virginia Medical School, (ii) the governing board of the educational institution finds that it is in the best interests of the institution or the Eastern Virginia Medical School and the Commonwealth for such dual employment to exist, and (iii) after such finding, the governing board of the educational institution or the Eastern Virginia Medical School ensures that the officer or employee, or the immediate family member, does not have sole authority to supervise, evaluate or make personnel decisions regarding the other;

3. An officer's or employee's personal interest in a contract of employment with any other governmental agency of state government;

4. Contracts for the sale by a governmental agency or the Eastern Virginia Medical School of services or goods at uniform prices available to the general public;

An employee's personal interest in a contract between a public institution of higher education in Virginia or the Eastern Virginia Medical School and a publisher or wholesaler of textbooks or other educational materials for students, which accrues to him solely because he has authored or otherwise

created such textbooks or materials; and an employee's personal interest in a contract with his or her employing public institution of higher education to acquire the collections or scholarly works owned by the employee, including manuscripts, musical scores, poetry, research, paintings, books and other materials, writings or papers of academic, research or cultural value to the institution provided the president approves the acquisition as being in the best interests of the institution's public mission of service, research and education.

6. Subject to approval by the board of visitors, an employee's personal interest in a contract between the Eastern Virginia Medical School or a public institution of higher education in Virginia that operates a school of medicine or dentistry and a not-for-profit nonstock corporation that operates a clinical practice within such public institution of higher education or the Eastern Virginia Medical School and of which such employee is a member or employee;

7. Subject to approval by the relevant board of visitors, an employee's personal interest in a contract for research and development or commercialization of intellectual property between a public institution of higher education in Virginia or the Eastern Virginia Medical School and a business in which the employee has a personal interest, if (i) the employee's personal interest has been disclosed to and approved by such public institution of higher education or the Eastern Virginia Medical School prior to the time at which the contract is entered into; (ii) the employee promptly files a disclosure statement pursuant to § [2.2-3117](#) and thereafter files such statement annually on or before January 15; (iii) the institution has established a formal policy regarding such contracts, approved by the State Council of Higher Education or, in the case of the Eastern Virginia Medical School, a formal policy regarding such contracts in conformity with any applicable federal regulations that has been approved by its board of visitors; and (iv) no later than December 31 of each year, the institution or the Eastern Virginia Medical School files an annual report with the Secretary of the Commonwealth disclosing each open contract entered into subject to this provision, the names of the parties to each contract, the date each contract was executed and its term, the subject of each contractual arrangement, the nature of the conflict of interest, the institution's or the Eastern Virginia Medical School's employee responsible for administering each contract, the details of the institution's or the Eastern Virginia Medical School's commitment or investment of resources

D. Notwithstanding the provisions of subdivisions C 7 and C 8, if the research and development or commercialization of intellectual property or the employee's personal interest in a contract with a business is subject to policies and regulations governing conflicts of interest promulgated by any agency of the United States government, including the adoption of policies requiring the disclosure and management of such conflicts of interests, the policies established by the Eastern Virginia Medical School pursuant to such federal requirements shall constitute compliance with subdivisions C 7 and C 8, upon notification by the Eastern Virginia Medical School to the Secretary of the Commonwealth by January 31 of each year of

evidence of their compliance with such federal policies and regulations.
