JOINT MEETING OF THE EXECUTIVE AND  
FINANCE COMMITTEES

Friday, April 30, 2010

2:00 - 2:30 p.m.

Lower East Oval Room, The Rotunda

AGENDA

	<u>PAGE</u>
I. CONSENT AGENDA (Mr. Sandridge)	
A. Faculty, Staff and Student Housing Rates, 2010-2011 (Mr. Sandridge to introduce Mr. Richard A. Kovatch; Mr. Kovatch to report)	
1. Faculty and Staff Housing	1
2. Student Housing	3
a. University of Virginia	
b. The University of Virginia's College at Wise	
B. Contract Rates for Dining Services, 2010-2011 (Mr. Kovatch to report)	6
1. University of Virginia	
2. The University of Virginia's College at Wise	
C. Property Restrictions, Life Sciences Annex of the Sheridan G. Snyder Translational Research Building	10
II. ACTION ITEMS (Mr. Sandridge)	
A. Project Budget Review, South Chiller Plant Addition	12
B. Tuition and Required Fees, 2010-2011 Academic Year and 2011 Summer Session (Mr. Sandridge to introduce Ms. Melody Bianchetto; Ms. Bianchetto to report)	14

UNIVERSITY OF VIRGINIA  
BOARD OF VISITORS CONSENT AGENDA

**A.1. FACULTY AND STAFF HOUSING RATES, 2010-2011: Approves rates for faculty and staff residences for 2010-2011**

The University operates 90 faculty and staff housing units, including individual houses, cottages, Lawn Pavilions, townhouses and apartments. State policy requires that rents charged by the University for faculty and staff housing reflect the market rate for similarly sized and equipped properties.

University faculty and staff housing rates are proposed to increase by an average of 1.37 percent from the 2009-2010 rates. The increase reflects the majority of properties being near or at market rates.

Blandy Farm operates two faculty and staff housing units. Both properties are utilized and rent is charged in accordance with the terms of the employment agreements of the residents of the properties.

**ACTION REQUIRED: Approval by the Finance Committee and by the Executive Committee of the Board of Visitors**

**APPROVAL OF PROPOSED INCREASE IN FACULTY AND STAFF HOUSING RATES FOR 2010-2011**

RESOLVED, the faculty and staff housing rates are approved as indicated, effective July 1, 2010. The Executive Vice President and Chief Operating Officer, or his/her designee, is authorized to increase the rates to market level when a property is vacated during the year.

<b><u>Notes:</u></b>						
- A total 86 properties will be at market for the 2010-2011 fiscal year.						
- Four properties - Farmhouse Apt. 2, Monroe Hill Range, Middleton House, and Pavilion I - were brought to market during 2009-2010 when vacated.						
- Tenants in Montebello, and Pavilions I, IV, VI, VIII upper, IX, and X were notified in April 2008 that rents would increase by 10 to 15 percent to continue moving towards comparable market rates.						
- The (F) designates properties that are furnished. The (UF) designates properties that are unfurnished.						
- Utility abbreviations are as follows: WS (water, sewer), E (electric), G (gas), O (oil), HP (heating plant), HVAC (heating, ventilating, and air conditioning), AC (window air conditioning), C (cable TV), V (voice), T (trash), D (data), and P (propane).						

**A.2. STUDENT HOUSING RATES, 2010-2011: Approves rates for student residences for 2010-2011**

For the current fiscal year (2009-2010), the average double room rate at Virginia public colleges and universities is \$4,387. The comparable average at the University is \$4,510. The University of Virginia's College at Wise charges an average of \$4,440.

The University proposes a \$222 increase in the average housing double room rate to \$4,732 per nine-month academic year for 2010-2011. This increase is approximately 4.9 percent.

This increase will cover rising operating costs, as well as increase contributions to reserves to fund renovations and the

construction of new residence halls. Contributions to the renovation and repair reserve will increase by \$1.9M to meet the capital reserve requirements established by the Board of Visitors. This reserve is used to fund the ongoing program to enhance our residence halls, including the renovation of the Gooch-Dillard, Copeley, and Lambeth facilities as well as structural and system maintenance.

The University of Virginia's College at Wise proposes a \$443 increase in the average housing room rate to \$4,883 for 2010-2011. The proposed overall housing rates will increase by approximately ten percent to cover increasing operating costs and additional debt expense on the new residence hall.

The proposed resolution also addresses summer 2010 and summer 2011 housing rates for the Mountain Lake Biological Station.

**ACTION REQUIRED:** Approval by the Finance Committee and by the Executive Committee of the Board of Visitors

**APPROVAL OF STUDENT HOUSING RATES FOR 2010-2011**

RESOLVED, rental increases for student housing facilities are approved as shown below, effective beginning with the 2010-2011 session:

**B. CONTRACT RATES FOR DINING SERVICES, 2010-2011: Approves contract rates for dining services for 2010-2011**

The University of Virginia provides a variety of contract meal plans for students, ranging from unlimited dining to a \$200 dining spending account. Revenues received from contract dining, retail operations, vending, concessions and catering must cover all operating costs, including food, labor, capital

and indirect costs. The University contracts with ARAMARK for dining services. The College at Wise contracts with Chartwells for these services.

Proposed University meal plan rate increases for 2010-2011 range from 2.6 percent to 3.7 percent, with an average increase of 3.5 percent. The proposed increase in the rates is necessary to cover increases in personnel services, food cost, and other operating expenses. Personnel services are expected to increase 1.1 percent or \$120,000, food costs are expected to increase 3.2 percent or \$776,000, and costs associated with enhancing dining programs including sustainability initiatives and facility upgrades are expected to increase. In 2009-2010, approximately 8,580 University students purchased contract meal plans.

The College at Wise residential meal plans are proposed to increase by five percent to reflect increases in operating costs including the new Hunter J. Smith Dining Commons. The University's College at Wise serves approximately 670 students on contract meal plans.

The proposed resolution also addresses summer 2010 and summer 2011 dining rates for the Mountain Lake Biological Station.

**ACTION REQUIRED:** Approval by the Finance Committee and by the Executive Committee of the Board of Visitors

**APPROVAL OF PROPOSED CONTRACT RATES FOR DINING SERVICES FOR 2010-2011 FOR THE ACADEMIC DIVISION AND THE UNIVERSITY OF VIRGINIA'S COLLEGE AT WISE**

RESOLVED, the student contract rates for dining services are approved as shown below, effective beginning with the 2010-2011 session:

C. PROPERTY RESTRICTIONS, LIFE SCIENCES ANNEX OF THE SHERIDAN G. SNYDER TRANSLATIONAL RESEARCH BUILDING: Approval of property restrictions

In March 2010, the National Center for Research Resources (NCRR) of the National Institutes of Health (NIH) awarded a grant to the University in the amount of \$2,040,641, under the American Recovery and Reinvestment Act, providing federal funds for improvements to the Molecular Electron Microscopy Core Facility suite in the Life Sciences Annex of the Sheridan G. Snyder Translational Research Building located at the Fontaine Research Park.

The areas covered by the grant total 2,100 square feet. This funding is conditioned upon the establishment of a continuing federal interest in the renovated 2,100 square feet and requires restrictions on the usage of the property for a ten-year period beginning on the date of its beneficial occupancy. The proposed project is scheduled to begin in Summer 2010 and the estimated date of completion is September 2011.

Specifically, the 2,100 square feet of laboratory space may not be (1) used for any purpose inconsistent with that authorized by the grant program statute and applicable regulations, (2) mortgaged or otherwise used as collateral without the written permission of the NCRR, or (3) sold or transferred to another party without the written permission of the NCRR.

ACTION REQUIRED: Approval by the Buildings and Grounds Committee, the Finance Committee, and the Executive Committee of the Board of Visitors

APPROVAL OF PROPERTY RESTRICTIONS FOR THE LIFE SCIENCES ANNEX OF THE SHERIDAN G. SNYDER TRANSLATIONAL RESEARCH BUILDING

RESOLVED, the 2,100 square feet of laboratory space in Molecular Electron Microscopy Core Facility suite in the Life Sciences Annex of the Sheridan G. Snyder Translational Research Building located at the Fontaine Research Park and renovated with funds from the National Center for Research Resources (NCRR) of the National Institutes of Health is subject to the following restrictions: for a period of ten (10) years from the date of its beneficial occupancy, the property shall not be (1) used for any purpose inconsistent with that authorized by the

grant program statute and applicable regulations, (2) mortgaged or otherwise used as collateral without the written permission of the NCRR, or (3) sold or transferred to another party without the written permission of the NCRR; and

RESOLVED FURTHER, the Executive Vice President and Chief Operating Officer of the University is authorized to execute and record documentation which evidences these property restrictions.

UNIVERSITY OF VIRGINIA  
BOARD OF VISITORS AGENDA ITEM SUMMARY

BOARD MEETING: April 30, 2010

COMMITTEE: Finance Committee

AGENDA ITEM: II.A. Project Budget Review, South Chiller Plant Addition

BACKGROUND: In September 2008, the University completed construction of the South Chiller Plant Addition at a cost of \$22.5 million. The project was completed on time and came in \$1 million under budget. The project constructed an 11,000 gross square foot facility, including the equipment to provide 4,000 tons of the 6,000 ton projected capacity of the plant. The plant was critical to supplying chilled water to the Carter-Harrison Research Building among other facilities in the Health System precinct. Because of the higher market prices in play when the project was bid, the University was forced to defer one 2,000 ton chiller and one 2,000 kW emergency generator that were originally part of the project scope. The University must now address the chilled water capacity needed by the new facilities currently in construction and in design in that precinct, as well as the need for adequate emergency power in the event of electrical outages.

In accordance with the policy adopted by the Board of Visitors in October 2004, all capital project budget increases in excess of ten percent require the approval of the Finance Committee, the Buildings and Grounds Committee, and the Board of Visitors.

DISCUSSION: In order to make use of the \$1 million in savings from the original project authorization, the University proposes expanding the current project scope to include an additional 2,000 ton chiller to be placed within the existing building and the purchase and installation of two 2,000 kW emergency generators. The need for an additional emergency generator was identified with the help of an outside engineering firm and the reexamination of the critical areas in the hospital that require chilled water in the event of a power outage. The new chiller will provide redundancy, which is needed given the age of a large number of the chillers in the North Chiller Plant. In addition, it will provide capacity for additional loads associated with new facilities, such as the Battle Building.

A \$12.7 million increase in the budget is proposed, bringing the total project budget to \$35.2 million. The budget increase will be funded from Utility Operating Funds and University Bonds that will be repaid from Medical Center operating revenues.

ACTION REQUIRED: Approval by the Buildings and Grounds Committee, the Finance Committee, and the Executive Committee of the Board of Visitors

APPROVAL OF PROJECT BUDGET REVIEW, SOUTH CHILLER PLANT ADDITION

RESOLVED, an increase to the South Chiller Plant Addition project of \$12,700,000, bringing the total project budget to \$35,200,000, is approved, contingent on the review and approval of the Buildings and Grounds Committee.

UNIVERSITY OF VIRGINIA  
BOARD OF VISITORS AGENDA ITEM SUMMARY

BOARD MEETING: April 30, 2010

COMMITTEE: Finance

AGENDA ITEM: II.B. Tuition and Required Fees, 2010-2011  
Academic Year and 2011 Summer Session

BACKGROUND: In the spring, the Board of Visitors sets tuition and fees for the following year for the Academic Division and The University of Virginia's College at Wise. The enabling resolution covers academic year and summer session tuition rates for undergraduate, graduate, first professional, and continuing education students, as well as required fees and activity fees.

Under Restructuring, the University is required to develop a Six Year Financial Plan which considers future general fund support, expected tuition increases, and projected expenditure levels. This plan provides an initial framework for considering annual tuition increases. The University's Six Year Financial Plan was scheduled to be updated in October 2009. Due to successive budget reductions and an expected 15 percent further reduction, in September 2009 the State Council of Higher Education for Virginia announced the suspension of the 2009 update.

In the absence of a revised Six Year Financial Plan, the University has carefully reviewed actions of the 2010 General Assembly and projected required cost increases anticipated for 2010-2011 in developing the tuition rate proposal for the upcoming academic year. In addition to considering base funding related to the January 2010 implementation of the Student Information System, unavoidable costs associated with operating and maintaining new facilities, and benefit cost increases, the University also considered Board priorities, such as AccessUVa, deferred maintenance, and Commission on the Future of the University initiatives.

The University also carefully considered how temporary actions in 2010-2011 and future actions in 2011 and beyond may impact tuition. These actions include:

1. For December 2010, the General Assembly has authorized a three percent bonus for state employees if 2009-2010 state

revenue collections exceed the forecasted amount by at least \$82.2 million. The University will be expected to fund approximately 65 percent of state-funded bonuses (and 100 percent of auxiliary, private, and grant-related bonuses).

2. The University expects to receive \$21.9 million in federal stimulus funding in 2010-2011, which will not recur in 2011-2012.
3. The University anticipates an additional permanent general fund budget reduction of at least \$14.8 million in 2011-2012.

After considering each of these factors, the 2010-2011 proposal was developed.

DISCUSSION: The University proposes 2010-2011 tuition and fees for a Virginian undergraduate of \$10,628, an increase of 9.9 percent or \$956. The price of education (tuition, required fees, housing, and dining) for a Virginian undergraduate student will increase \$1,318, or 7.3 percent, over 2009-2010.

The University proposes 2010-2011 tuition and fees for a non-Virginian undergraduate of \$33,574, an increase of six percent, or \$1,902. A portion of this increase (\$221) is related to the 2010 General Assembly action to increase the Out-of-State Capital Fee (an E&G fee) for all out-of-state students. This action requires that the University increase the Out-of-State Capital Fee from \$347 to \$568 for every out-of-state student in order to generate the required revenue to return to the state. The price of education (tuition, required fees, housing, and dining) for a non-Virginian undergraduate student will increase \$2,264, or 5.7 percent, over 2009-2010.

AccessUVA, approved by the Board of Visitors in February 2004, ensures that a University education remains affordable for all students who qualify for admission, regardless of their ability to pay. The tuition proposal provides for an incremental allocation from institutional resources of \$3.0 million for Access UVA in 2010-2011, an amount that will be reflected in the 2010-2011 budget to be presented for Finance Committee consideration in June.

The University proposes an increase of \$1,242, or 9.8 percent, in 2010-2011 tuition and required fees for in-state graduate students. The University proposes an increase of

\$1,238, or 5.5 percent, in 2010-2011 tuition and required fees for out-of-state graduate students. The University proposes a per credit hour tuition rate of \$626 for resident graduate students and \$1,144 for non-residents, representing a \$62, or 11.0 percent, increase for residents and a \$49, or 4.5 percent, increase for non-residents. Research hours will be charged at \$55 per credit hour; a student enrolled full-time in a research-only program will pay a total tuition and fee charge of \$3,592, a 6.4 percent increase over last year.

For the McIntire Master of Science in Accounting, the University recommends an increase in tuition and required fees of \$1,035 for all students, representing an increase of 3.9 percent for in-state students and 3.2 percent for out-of-state students. For the McIntire Master of Science in Commerce, the University recommends an increase in tuition and required fees of \$1,535 for all students, representing an increase of 4.4 percent for in-state students and 3.8 percent for out-of-state students. The M.S. Commerce proposed rates include a \$7,200 International Study Fee, which is unchanged.

The University recommends a \$2,670 increase (7.8 percent) in tuition and required fees for in-state third and fourth year Medical School students and a \$3,664 increase (8.3 percent) in tuition and required fees for out-of-state third and fourth year Medical School students. Consistent with the increased rate to entering students established in fall 2009, first and second year Medical School students will be assessed an \$810 surcharge over and above this increase. This proposal reflects the higher instructional cost associated with recent curriculum changes and is appropriate for the Medical School's current tuition and indebtedness rankings among peers.

The University recommends an increase of \$1,000 in tuition and required fees for all Darden School students: a 2.3 percent increase for in-state students and a 2.1 percent increase for out-of-state students. This proposal maintains a \$5,000 differential between in-state and out-of-state tuition and required fees and will keep Darden School rates comparable to peer institutions. Incremental revenue generated will be used to fund increases in fringe benefits and essential program costs.

The University recommends an increase of \$1,700 in tuition and required fees for continuing J.D. Law School students, representing a 4.4 percent increase for in-state students and a 3.9 percent increase for out-of-state students. First year J.D.

students and L.L.M. students will be assessed an additional charge of \$2,000 over and above the base increase. This proposal maintains a \$5,000 differential between in-state and out-of-state tuition and required fees and will keep Law School rates comparable to peer institutions. As the Law School increases in-state tuition, it will increase its commitment to scholarships and loan forgiveness at a percentage rate at least equal to the annual increase in tuition and required fees. Incremental revenue generated will be used to fund increases in financial aid, utilities and facility maintenance, benefit increases, electronic library resources, and academic programs.

The following proposal includes the various recommended increases for other tuition and fees. These recommendations are made based upon market conditions and program needs for each individual program, as well as progress towards aligning summer session, January Term, and School of Continuing and Professional Studies charges with regular session tuition charges.

For 2010-2011, the University of Virginia's College at Wise recommends a \$446 (6.6 percent) increase in tuition and mandatory fees to \$7,194 for in-state students. The College further recommends a \$1,040 (5.4 percent) increase in tuition and required fees to \$20,316 for out-of-state students. Mandatory fees reflect the required increase in the Out-of-State Capital Fee.

**ACTION REQUIRED:** Approval by the Finance Committee and by the Executive Committee of the Board of Visitors

**APPROVAL OF INCREASE IN TUITION, REQUIRED FEES, AND OTHER CHARGES FOR THE ACADEMIC DIVISION**

**RESOLVED, the tuition and required fees and other charges applicable to the Academic Division are approved as shown below, effective July 1, 2010:**

**APPROVAL OF ALLOCATION OF REQUIRED FEE FOR THE 2010-2011 SPECIAL SESSIONS OF THE ACADEMIC DIVISION**

**WHEREAS, certain programs are not full-time residential programs but are located on the Charlottesville grounds, a different fee schedule is appropriate;**

**RESOLVED, the special session fee for the Academic Division is established, effective with the Fall 2010 session, in the amount of \$188 for in-state students and \$246 for out-of-state students and assessed to: 1) students enrolled in the summer session; 2) students enrolled in on-grounds executive programs; 3) students enrolled in on-grounds Bachelor of Interdisciplinary Studies and SEAS Produced in Virginia programs; and 4) on-grounds, degree-seeking, graduate students enrolled in a total of three or fewer credit hours; and**

**RESOLVED FURTHER, the students enrolled in the summer session shall be assessed a fee for services provided by Student Health, effective summer 2011, in the amount of \$124; and**

**RESOLVED FURTHER, the mandatory special session fee is allocated for 2010-2011 as follows:**
