

Section 21

Refuse and Recycling Collection Fees, 2004

Virginia localities collect, or authorize to have collected, refuse and recycled materials. In this year's survey, the Cooper Center inquired into the methods and fees for the collection of refuse and recycled materials. The answers are provided in three tables, one covering regular refuse pickup, the second covering recycling, and the last covering pickup of miscellaneous refuse items.

REFUSE COLLECTION

Table 21.1 shows information reported on refuse collection by all 39 cities, and by 38 counties and 131 towns. The table contains information on frequency of collection, collection fees, and private contracting. There are three ways of recovering costs. First, some Virginia localities levy a specific refuse collection service fee for the costs of collection. Others cover collection costs within general tax revenues. Finally, some localities provide no service, but leave refuse collection to private contractors.

A majority of cities and counties provide residential services on a weekly basis. Only the cities of Bedford, Arlington, Fredericksburg, Lexington, and Williamsburg, and the counties of Appomattox, Buckingham, Halifax, and Wythe offer collections more frequently. Regarding fees, 26 cities, 10 counties, and 63 towns impose a residential refuse collection service fee. In addition, 9 cities, 8 counties, and 59 towns contract with private firms for refuse collection.

RECYCLING PROGRAMS

Table 21.2 provides data on localities that have instituted recycling programs. As with refuse collection, these programs may be financed in a variety of ways. Many localities pick up recyclables and then finance the collection with a service charge. Other localities contract out with a private firm. Table 21.2 indicates which localities offer collection of recyclables and which contract out the collection to private firms. It also indicates the monthly fees associated with collecting recyclables.

Of the total survey respondents, 33 cities, 75 counties, and 77 towns indicated carrying out some form of recycling activity. Fourteen cities provided recycling collection directly and 19 contracted it out. Thirty-four counties provided services directly while 41 contracted them out. Of the towns, 14 had their services provided by the county, 27 provided direct services, and 36 contracted them out. For localities that charged a service fee, the amount ranged anywhere from 75 cents to \$5 per month.

MISCELLANEOUS REFUSE ITEMS

Table 21.3 covers any items requiring special pickup. Three cities, 10 counties, and 9 towns provided detail on collection fees for such special refuse items.

**Table 21.1
Refuse Collection Fees, 2004**

Locality	Frequency of Collections per Week	Collection Fee (Dollars Per Month)*	Locality Contracts with Private Firms for Refuse Collection

See last page of Table 21.1 for key to abbreviations.

* Unless otherwise stated.

^a The City of Bedford imposes a \$60.00 per ton tipping fee.

^b The City of Bristol imposes a \$25.50 per ton tipping fee.

^c The City of Colonial Heights imposes a tipping fee of \$800 per tractor-trailer load and \$600 per tandem-axle truck.

^d The City of Covington imposes tipping fees ranging from \$10-\$40 (residential users) and \$15-\$45 (commercial users).

^e In the City of Franklin, frequency of commercial collection is based on number of containers.

^f High density areas in the City of Fredericksburg are \$16.49.

^g The City of Hampton imposes a \$38.00 per ton tipping fee.

^h The City of Harrisonburg has a \$50.00 per ton tipping fee.

ⁱ Tipping fee for City of Lynchburg is \$48.00 per ton for up to 150 tons of refuse; \$35.00/ ton for over 150 tons.
