

Section 6

Property Tax Exemptions for Certain Rehabilitated Real Estate and Other Exemptions, 2006

GENERAL PROVISIONS

The *Code of Virginia* provides that localities may adopt an ordinance allowing property tax exemption for certain rehabilitated commercial and industrial real estate (§ 58.1-3221) and residential real estate (§§ 58.1-3220 and 58.1-3220.1). To qualify for the exemption, the rehabilitated structure must be at least 15 years old for residential property or 20 years old for commercial or industrial property, and must meet other restrictions that the locality may require. Real estate containing a hotel or motel no less than 35 years of age that has been substantially renovated may qualify for a partial exemption. The ordinance, in addition to any other restrictions, may restrict exemptions to real property located within described districts whose boundaries are determined by the governing body. Further, if rehabilitation is achieved through demolition and replacement of the structure, and the structure demolished is a registered Virginia landmark or is determined by the Department of Conservation and Recreation to contribute to the significance of a registered historic district, then the exemption does not apply (§ 58.1-3220).

A locality may impose a fee for applications for real property tax exemptions and credits for rehabilitated structures. Under §§ 58.1-3220, 58.1-3220.1, and 58.1-3221 a fee of not more than \$125 for residential properties and not more than \$250 for commercial, industrial, and/or apartment properties of six units or more may be applied.

The partial exemption from property taxation may be an amount equal to a percentage of the increase in assessed value resulting from the renovation or to an amount up to 50 percent of the cost of the renovation. The commissioner of the revenue or another local assessing officer determines the assessed value of the structure. The exemption begins on January 1 of the year following completion of the rehabilitation, with maximum exemption periods of 10 years for residential real estate and 15 years for commercial and industrial real estate. Localities may opt to shorten the time span, to reduce the amount of exemption in annual steps over the entire period or a portion of the time limitation, or both.

Table 6.1 contains information about the 32 cities, 17 counties, and seven responding towns that have adopted a rehabilitation ordinance. The table also includes the minimum age requirement, the exemption schedule, and the percentage increase in assessed value required for exemption.

POLLUTION AND ENERGY CONSERVATION EQUIPMENT

Any county, city, or town may grant exemption or partial exemption from local taxation on certified pollution control equipment and facilities. Section 58.1-3660 lists the requirements to qualify for this exemption as the following: any property, including real or personal property, equipment, facilities, or devices used primarily to reduce or prevent pollution of the atmosphere and waters of the Commonwealth. In 2003, the definition for pollution control equipment was expanded to include any equipment used to grind, chip, or mulch trees or other vegetation for reuse as mulch, compost or fuel. Such property may be exempted from local taxation.

A similar exemption or partial exemption is authorized by § 58.1-3661 for certified solar energy equipment, facilities, or devices and for certified recycling equipment, facilities, or devices. Certified solar energy items are defined as any property, including real and personal property, equipment, facilities, or devices which collect or use solar energy for water heating, space heating or cooling, or other applications which would otherwise require a conventional source of energy such as petroleum products, natural gas, or electricity. Certified recycling items are defined as machinery and equipment certified by the Department of Waste Management as integral to the recycling process and for use primarily for the purpose of abating or preventing pollution of the atmosphere or water.

Generating equipment installed after December 31, 1974, for the purpose of converting from oil or natural gas to coal or to wood, wood bark, wood residue, or to any other alternate energy source for manufacturing and any cogenerating equipment installed since that date to be used in

manufacturing are classified separately for property taxation. According to § 58.1-3662, localities may adopt an ordinance authorizing exemption or partial exemption for generating and cogenerating equipment used for energy conversion. The ordinance becomes effective on January 1 of the year following the year of adoption.

The exemptions applying to property used for pollution control, recycling, solar energy, and energy conservation are summarized in **Table 6.2**. There are 19 cities, 27 counties, and four responding towns that report having at least one of the previously mentioned exemptions.

						7th	30%	40%
						8th	15%	20%

Note: Unless stated otherwise, the exemption is equal to 100 percent of the increase in assessed value resulting from rehabilitation. Additionally, for all localities listed, the allowable percentage increase in total square footage for residential real estate is 15 percent; for commercial/industrial real estate, existing footage restrictions follow the slash mark.

Key to real estate abbreviations: C/I: Commercial and Industrial R: Residential EZ: Economic Zone
N/A Not applicable.

^a City of Buena Vista has two classes of real estate; Class I--structures aged 50-75 years; Class II--structures over 75 years old.

^b Applies to South Norfolk section only—census tracts 201, 202, 203, 204.

^c Structure must have been constructed prior to January 1, 1945.

^d In Fairfax City, retail structures (75 percent of street level area must be used for retail purposes): 1st- 5th year = 100 percent, 6th = 83 percent, 7th = 67 percent, 8th = 50 percent, 9th = 38 percent, 10th = 17 percent; not retail structures: 1st-5th = 50 percent, 6th = 42 percent, 7th = 34 percent, 8th = 25 percent, 9th = 17 percent, 10th = 9 percent.

^e No requirement for new area. Original building size must not be reduced by greater than 70 percent.

Key to real estate abbreviations: C/I: Commercial and Industrial R: Residential EZ: Economic Zone

N/A Not applicable.

... No response provided.

^f The commercial exemption schedule for Manassas City is based on an 100% increase in size. For increase in size of 101% to 200%:

1st- 5th year= 50 percent, 6th = 40 percent, 7th = 30 percent, 8th = 20 percent, 9th = 10 percent, 10th = 0 percent. For increase in size of 201 percent to VP: 1st- 5th year = 25 percent, 6th = 20 percent, 7th = 15 percent, 8th = 10 percent, 9th = 5 percent, 10th = 0 percent

^g The City of Norfolk includes also a minimum age of 10 years with schedule exemption of 1st- 5th year = 100 percent, 6th = 80 percent, 7th = 60 percent, 8th = 40 percent, 9th = 20 percent, 10th = 0 percent.

^h Limited to first \$500,000 of increased value.

ⁱ Class I: all real estate in city except in enterprise zone; Class II: all real estate in enterprise zone.

^j For a structure with historic building designation, the exemption schedule is ten years.

^k Ordinance includes only single family residential/commercial real estate.

^l Ordinance does not allow total square footage of C/I property to be increased.

^m Minimum age is only 15 years within enterprise zones. It is 50 years for historic homes.

N/A Not applicable.

ⁿ Structure must be in historic district.

^o Minimum age in enterprise zones is only 15 years.

^p Structure must be deemed historic.

^q The partial exemption shall equal the amount of the difference in the value of the commercial or industrial structure immediately before rehabilitation as determined by the county tax assessor, not to exceed however \$500,000 in increased value as so determined. The exemption shall commence upon completion of the rehabilitation, and shall run with the real estate for a period of five years, or until such time as the structure may be demolished, if sooner.

^r 100 percent of increase in assessed value, exempted for 10 years; increase cannot be result of increase in square footage or land value; \$250,000 maximum exemptions.

^s 100 percent of increase in assessed value exempted for 10 years; \$500,000 maximum exemptions.

^t Hotels/motels must be no less than 35 years old.
