Addendum to June 10, 2008, Provost Employee Communication Council Minutes

The following item was inadvertently left out of the minutes approved for the June 10, 2008 meeting that were previously posted to the PECC website:

Are we covering all areas of the Provost Council? John Teahan shared that there are approximately 5,000 classified staff, and we now have approximately 1,000 University staff. It is desired that we solicit representation of University staff to serve on Council. Beth Reinhard is to research what units have employed University staff. It was also noted that research is needed to see if A&P faculty who choose to become University staff member need to be included in PECC meetings. The goal is to have fair representation.

Respectfully submitted,
Peggy Ehrenberg, Secretary to PECC
