

Solving the
Problems with
Long-Distance
Trash Transport

GARBAGE IN

GARBAGE OUT

Vivian E. Thomson

"This topic is of immense importance. *Garbage In, Garbage Out* is original and is a substantial contribution to the field of environmental policy. Thomson demonstrates convincingly that the problem of solid waste management is far more complex and serious than most would conceive."

John Wargo, Yale University, author of *Green Intelligence: Creating Environments That Protect Human Health*

Your garbage is going places you'd never imagine.

Finalist

2010 Southern Environmental Law Center

Phillip D. Reed Memorial Award for Outstanding Writing

Vivian E. Thomson

160 pages, 5 1/2 X 8 1/4

9 b&w photographs
