Scholarship for Graduate Study in Scotland

The Saint Andrew's Society of the State of New York has provided over 150 graduate scholarships to promote cultural interchange and goodwill between Scotland and the United States since 1960. The following outlines eligibility and selection criteria for our 2011/2012 scholarships:

Senior undergraduate student who will obtain a Bachelor's degree from an accredited college or university in the Spring of 2011 and can demonstrate the significance of studying in Scotland. Proof of application to their selected school will be required for finalists. It is the Society's strong preference to consider only such Spring 2011 candidates.

Candidates should possess qualifications which will enable them to be good ambassadors for the United States while in Scotland. The basis for selection shall include the student's: (1) academic achievement; (2) extracurricular activities; (3) financial need; (4) clarity of career purpose in pursuing the graduate studies; (5) a statement that sets forth why you wish to continue your education, with clarity around the graduate study objective(s) to be achieved and why you wish to study in Scotland; (6) some Scottish descent; and (7) proof of US Citizenship.

Only one applicant shall be considered from each institution per year. Candidates must reside or attend school *within 250 miles* of New York State.

2 Letters of reference from appropriate Professors are required.

The applicant must be endorsed as the student most qualified in a letter from the President of the institution.
