

YOU CAN CHANGE THE WORLD

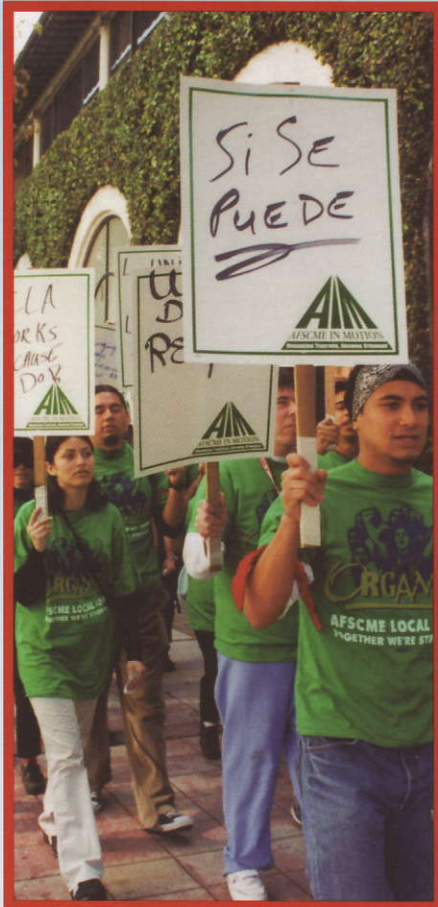

...and earn money for college at the same time!

**AFSCME/UNCF
Union Scholars Program
Application Deadline: February 26, 2007**

Make a Difference!

THE FUTURE IS IN THE HANDS OF THOSE WITH THE DESIRE TO CHANGE THE WORLD

We believe the future is in the hands of those with the ability and desire to change the world. People like you. That's why we are co-sponsoring the AFSCME/UNCF Union Scholars Program. Our public service union — the American Federation of State, County and Municipal Employees (AFSCME) — has joined with the United Negro College Fund (UNCF) to let those of you who qualify experience what it's like to be part of the labor movement.

You can work on the front lines of a real union organizing campaign, where you will talk to workers about gaining a voice on the job, fair wages and benefits for themselves and their families — by joining a union.

You'll get an opportunity to do the day-to-day work of outreach to workers by phone and on home visits, campaign research and material development.

But the best part is that you'll have a chance to make a difference in people's lives. Plus, you will receive scholarship funding as well as have a real world experience that may help you see what lies in your future.

What do we get in return? Dedicated, passionate, bright new activists to help grow the union movement, people who really care about making a difference in the world. If that sounds like you, *keep reading.*

AFSCME & UNCF

EXPERIENCE WHAT IT'S LIKE TO BE PART OF THE LABOR MOVEMENT

The American Federation of State, County and Municipal Employees (AFSCME) represents more than 1.4 million members — people you meet every day in your community. They are social workers, nurses, sanitation workers, clerical workers, teachers aides and countless others. Our members work for your cities, counties, states, the federal government, universities, non-profit agencies and private companies. They are from every walk of life, but they have one thing in common: They are dedicated to public service. As one of the fastest growing unions in the United States, AFSCME is constantly in search of skilled, motivated and passionate activists who are interested in a career in the labor movement. Through the AFSCME/UNCF Union Scholars Program, you can join us in the effort to support public service employees who are organizing unions.

The United Negro College Fund (UNCF) is the nation's oldest minority higher education assistance organization. Our mission is to enhance the quality of education by providing financial assistance to deserving students, raising operating funds for our 39 member colleges and universities, and increasing access to technology for students and faculty. UNCF administers more than 450 scholarships and fellowships to an ethnically diverse group of students and faculty who attend our member colleges and universities, other historically black colleges and universities (HBCUs), and majority institutions throughout the country. In its 60-year history, the UNCF has raised over \$1.8 billion to promote higher education achievement and has helped more than 300,000 students earn undergraduate and graduate degrees.

PLENTY OF HANDS-ON EXPERIENCE

The AFSCME/UNCF Union Scholars Program gave me plenty of “hands-on” experience with the labor movement – something I never get sitting in a lecture. My internship exposed me to the struggles and triumphs of everyday Americans and I am a better person for it.

– *Lizzy de la Garza, Senior, Duke University*

A GREAT OPPORTUNITY

The AFSCME/UNCF Union Scholars Program is a great opportunity to learn about working as an organizer, doing research, political action or even communications. This program can provide a space for you to learn and develop personal skills while learning about the labor movement. Others should take part in this program because it is a place where friendships can develop and one can positively affect peoples’ lives.

– *Brandon King, Senior, Hampton University*

A VERY UNIQUE FIELD

This is a great opportunity for students of color to work in the very unique field of social justice. It’s hard work, but the payoff and nature of the work are very fulfilling.
