

Report on Governor, House, and Senate 2006-08 Budget Bill (HB30) Language Changes

Sources of Information

The 2006-08 Budget Bill (HB30) is available at <http://leg2.state.va.us/MoneyWeb.NSF/sb2006>.

The Governor's Executive Budget Document is available at <http://dpb.virginia.gov/budget/06-08/buddoc06/buddoc.htm>.

The Office of State Governmental Relations maintains the most recent analysis of the Budget Bill and the 2006 General Assembly Session at <http://www.virginia.edu/governmentalrelations/>.

Restructuring Related

Management Agreement – **Governor** approves the management agreement for VT, W&M, and UVa. Provides that the provisions of the management agreements will prevail over any conflicting provisions of the Appropriation Act unless specifically indicated that it is intended to override or supersede a section of the management agreement. **House** and **Senate** strike all of this language due to HB 1502 and SB 675. (Item 4-9.0)

Memoranda of Understanding – **Governor** provides application process for institutions who have not entered into management agreements but wish to enter into memorandum/a of understanding. **House** strikes this language referencing HB 1502. (Item 4-9.05)

Assessment of Institutional Performance – **Governor** introduces his proposed institutional performance measures. **House** and **Senate** amend the proposed performance measures to reflect the principles of the measures approved by SCHEV in October 2005. The measures are not identical to those approved by SCHEV. **House** and **Senate** also add language for the Governor to develop standards to assess the extent to which an institution is well-managed in personnel, capital outlay, and procurement no later than October 1, 2006. (Item 4-9.06)

Secretary of Education – **Governor** removes the general statement regarding strategic plans and statewide and institutional goals which previously appeared in the Secretary of Education section. (Item 126)

Articulation Coordination – **Governor** provides \$85,033 in 2006-07 and \$91,493 in 2007-08, along with 1 position, to SCHEV to coordinate articulation agreements from two year colleges for compliance with the Restructuring Act. (Item 145)

Restructuring Coordinator – **House** provides 2 FTEs and \$300,000 for two positions to conduct necessary analysis and coordination in support of restructuring efforts in higher education. **Senate** provides 1 FTE and \$112,000 for a Restructuring Coordinator position. (Item 145)

University of Virginia – **Governor** adds language to each college and universities' agency summary stating that the item includes general and nongeneral fund appropriations to support institutional initiatives that help meet statewide goals in the Restructuring Act. Additionally, each sponsored program and auxiliary enterprise item includes "a sum sufficient, estimated at \$xxxx" appropriation. Tuition and fee language and base adequacy funding language from the 2004-06 Appropriation Act has been removed. (Item 192; also all other college and university items)

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 2 of 11

Sum Sufficient NGF E&G Appropriation – **Senate** includes language that the “E&G Higher Education Operating” appropriation shall be considered a sum sufficient and an estimate of revenue collected for E&G programs. (Item 192 for UVa; also in VT and W&M items)

Sum Sufficient Capital Outlay Blanket Authorization – **Governor** provides a blanket authorization for the Medical Center as allowed under the Restructuring Act. This was established for the Academic Division in the 2004-06 Appropriation Act. (Item C-134)

Sum Sufficient Capital Outlay Blanket Authorization – **House** removes blanket authorization previously provided to College at Wise, suggesting that the language is only available to those with signed MOAs with the Secretary of Administration. (Item C-140)

Secretary of Finance – **Governor** removes language regarding the continuation of decentralization programs from the Secretary of Finance item. (Item 252)

Automatic Re-appropriations – **Governor** modifies language to allow for automatic re-appropriation for all balances at institutions of higher education; a change from prior year which provided for specific automatic re-appropriations for E&G programs which meet management standards prescribed by the Governor; community education and public service programs; and student financial assistance. (Item 401.05.1.a)4))

NGF Capital Outlay Decentralization Programs – **Governor** makes all existing pilot programs prior to Chapter 912, 1996 Acts of Appropriations permanent. Decentralized programs of institutions with executed memoranda of understanding shall remain in effect until revoked. **Senate** restores language requiring the executive branch to evaluate institutional performance in areas where they have received delegated authority at least once every two years. (Item 4-5.06.c)

Exemption from Capital Negotiation Provisions – **Governor** adds language exempting decentralized programs of institutions with executed memoranda of understanding from competitive negotiation provisions regarding the not-to-exceed amount of \$100,000 for a single project, the not-to-exceed sum of \$500,000 for all projects performed, and the option to renew for two additional one-year terms. (Item 4-5.06.f)

Exemption from Real Property Lease Provisions – **Governor** exempts institutions meeting the conditions in the Restructuring Act from real property lease provisions. (Item 4-5.07)

Exemption from Surplus Property Provisions – **Governor** authorizes institutions meeting the conditions in the Restructuring Act to sell or lease surplus real property valued at less than \$5 million and possessed/controlled by an institution. (Item 4-5.09)

SOM and/or Medical Center Related

Generalist Initiative – **Governor** modifies language in SCHEV, VCU, EVMS, and UVa sections as requested by VCU, EVMS, and UVa. (Item 145)

Family Practice – **Governor** adds language, as requested, in UVa section to provide same exemption from across the board budget reduction as provided to VCU in the prior year. (Item 192)

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 3 of 11

Physician Indigent Care – **Governor** deletes language, as requested, in UVa and VCU specifying funds to support medical education due to unreimbursed physician indigent care. Funding remains as part of the University's base budget. (Item 192)

Federal Upper Limits – **Governor** deletes language which previously stated: "Efforts to maximize federal upper payment limits for the state academic health systems and academic health systems that operate under a state authority that result in savings above the amounts assumed in this Appropriation Act to the Medicaid program shall be passed through to those health systems so long as they demonstrate a financial need for the costs of providing indigent health care services."

Physicians at State Academic Health Systems – **Governor** revises language as follows:

To maintain funding levels for indigent care, the Department of Medical Assistance Services shall *have the authority to* amend the State Plan of Medical Assistance Services to reimburse physicians who are faculty affiliated with *Type I hospitals or related universities* ~~state academic health systems and academic health systems that operate under a state authority~~. The amount of the supplemental payment shall be ~~based on the difference between~~ *to* the upper payment limit for these services as permitted by federal Medicaid law and regulation ~~approved by the Center for Medicare and Medicaid Services and the current payment~~. (Item 302)

Medicaid Payment for Children's Services – **Governor** introduced funding and language to increase Medicaid physician payments for children's services by 3% beginning July 1, 2007. **House** adds funding and modifies language to increase Medicaid physician payment rates by 5% beginning July 1, 2006, keeping the July 1, 2007 3% increase as well. **Senate** increases Governor's July 1, 2007 increase to 15%. (Item 302)

Medical Services Restriction – **House** adds language stating that no expenditures from general, special, or nongeneral funds sources may be made out of any appropriation by the General Assembly for providing abortion services, except as otherwise required by federal statute. This shall not prevent a physician from providing medical assistance to preserve the life of a pregnant woman provided that every possible measure shall be taken to preserve the life of the unborn child of the pregnant woman. (Item 4-5.04)

Advisory Committee on Electronic Health Records – **Senate** establishes this committee to encourage the adoption of electronic health records throughout the Commonwealth. (Item 293)

Capital Outlay

Maintenance Reserve – **Governor** includes additional regulations that provide that:

- The first priority of any agency in requesting capital outlay appropriations should be maintenance reserve. (Item 4-4.01.b.2)
- Each agency head must provide a plan to DPB for the use of MR funds prior to usage, with the first priority given to roof repairs.

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 4 of 11

- Second priority shall be for deferred maintenance projects addressed in FICAS as currently or potentially critical because they must be addressed in the next 12 months. **Senate** eliminates this language.
- Agencies may transfer funds to supplement operating expenses at the approval of DPB provided that such expenses are accounted for separately. DPB and DGS will prepare and distribute guidance for such transfers. Eligible operating expenditures will be those required for day-to-day operation of a facility to maintain its functionality without affecting its useful life or those required for preserving a facility and its components from failure or deterioration to realize its anticipated useful life. (Item 4-4.01.5.c.1-3) **House** removes this language regarding the transfer of maintenance reserve funds to the operating budget.

Office Space Consolidation and/or Relocation – **Governor** provides for the DGS and DPB to establish a line of credit to support fixed and one-time costs associate with office consolidation or relocation strategies, with the repayment from cost savings and efficiencies realized. (Item 3-2.03.c, page 482) If such move does not qualify as a capital lease, excludes these projects from the capital outlay and approval process. (Item 4-4.01.a.5)

Capital Outlay Plan – **House** directs SCHEV, with help from House Appropriations, Senate Finance, DGS, and DPB, to develop a six year capital outlay plan for higher education, including affiliated entities, considering current funding mechanisms for public institutions and mechanisms to support private institutions. (Item 145)

Joint Subcommittees – **Senate** creates two joint subcommittees, both to receive assistance from DGS, DPB and SCHEV. One will modernize the Commonwealth's capital planning and budget system. The second will review cost overruns for capital projects and develop recommendations for re-evaluating projects with excessive cost increases and re-validating General Assembly commitments to such projects. (Item 1)

Necessary Repairs and Improvements – **Governor** creates a \$1 million reserve for agencies and institutions to make necessary repairs and improvements. **House** removes funding and item. (Item C-326)

Deferred Maintenance Pilot Trust Fund – **Senate** provides \$10.1 million in the first year and \$24.6 million in the second year for this new fund. The Pilot Working Group will include: Department for Blind and Vision Impaired, Department of Corrections, DGS, GMU, ODU, UMW, DPB, and APA. The fund is not reverting and will earn interest, dividends, and appreciation. This Trust Fund will be used to fund requirements as set out in the Commonwealth's FICAS system for general fund supported buildings. Participating institutions may transfer their maintenance reserve appropriation to this Fund. Prior to 7/1/2006, participating agencies must prepare a written strategic plan for execution of the deferred maintenance funding over the biennium. The narrative must address condition, planned usage of MR funding, projected impact on facility condition, and must include measurable results such as FCI. Prior to September 2007, participating agency heads must submit a written report addressing progress versus the initial plan. The Pilot Working Group will develop recommendations on how to implement the program state-wide, including funding options

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 5 of 11

funding allocation methods, and policies surrounding a state-wide program to reduce deferred maintenance and improve the condition of Commonwealth-owned facilities. The report is due to the Governor, Senate Finance Committee, and House Appropriation Committee by October 1, 2007. (Item C-325.10)

Compensation and Benefits

Nov 25, 2006 Salary Increase – **Governor** provides for a 3% increase for classified employees receiving a rating of at least “contributor.” Provides for an average 3% increase for part-time teaching and research faculty, all administrative and professional faculty, and graduate teaching assistants. Provides for an average 4% increase for UVa full-time teaching and research faculty. Non-general funds will be required to fund 59% of this item. **House** provides for a 4% increase for all employees. **Senate** provides for an average 4% increase for all classified employees, which will vary per employee based upon evaluation of performance. **Senate** provides that Agency Head salaries will be increased on April 25, 2007, but they will receive a one-time payment equal to 1.67% of salary on December 16, 2006 as a transition payment for the delay in their annual salary increase. (Item 461)

Nov 25, 2007 Salary Increase – **House** provides for a 2% increase for all employees. **Senate** provides for an average 3% increase for all classified employees, which will vary per employee based upon evaluation of performance. (Item 461)

HR Pay Practices – **Governor** authorizes agency heads, specifically including the Director of the University of Virginia Medical Center, to utilize an amount equivalent to 0.5 percent of salaries to implement pay practices to recruit, retain, and address salary compression for classified employees. (Item 461)

State Contribution Rates – **Governor** proposes state contribution rates at:

- State Employee Retirement System – 5.74%
- Virginia Law Officers Retirement System – 14.96%
- Group Life Insurance Program – 1.22%
- Retiree Health Care Credit – 1.21%
- VSDP – 1.78%

House lowers group life and retiree health care credit contribution rates. (Item 456.10)

Equal Opportunity – **Governor** inserts the following statement into the Appropriation Act:

It shall be the policy of the Commonwealth of Virginia to ensure equal opportunity in all facets of state government. Discrimination on the basis of race, sex, color, national origin, religion, age, sexual orientation, or political affiliation, or against otherwise qualified persons with disabilities shall at all times be prohibited. (Item 4-6.00)

House and **Senate** remove this statement.

Payment of Wages or Salary – **Governor** provides that wages or salaries paid to state employees shall be by direct deposit or by credit to a prepaid debit card or account from which the employee is able to withdraw or transfer funds. (Item 4-6.01.e.2)

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 6 of 11

Year-end Pay Periods – **Governor** provides that state employees will be paid on 7/3/06 for the period 6/10 – 6/24/06 and will be paid on 7/2/07 for the period 6/10 – 6/24/06. July 1, 2006 and 2007 will occur over a weekend. This language is apparently added to make sure the final pay period of a fiscal year remains in the subsequent fiscal year in order to keep “lag pay” in effect. (Item 4-6.01.k.1.b)

Higher Ed Staffing – **Governor** deletes information about higher education staffing patterns, information required to be submitted to DHRM. (formerly Section 4-7.01)

Upward Feedback for Supervisors – **Senate** requires DHRM to establish an upward feedback program as part of the evaluation process for supervisors. (Item 77)

Manpower Control – **Senate** removes restriction that total general fund positions filled by a higher ed institution may not exceed 105% of appropriate positions. (Item 4-7.01)

Research

Research Opportunity Fund – **Governor** provides for a non-reverting fund of up to \$50 million in order to allow institutions to quickly respond to opportunities outside the normal budgeting process. **House** and **Senate** eliminate this. (Part 5, Enactment 2-5)

Sponsored Program Investment Yields – **Governor** provides that the interest on sponsored programs and indirect cost recoveries will be consider NGF. The Comptroller will credit institutions quarterly with interest earnings. (Item 3-4.02) This language is apparently not eliminated by the Senate or House although they provide other language in other sections. **House** adds language that in FY07-08, assuming UVa, W&M, and VT, are holding their own NGF balances at that time, all three institutions must transfer back to the general fund estimated interest earnings on sponsored programs and indirect cost recoveries: \$2,766,344 for UVa; \$1,430,541 for VT; and \$223,863 for W&M. (Item 3-1.01) **Senate** adds language in the Higher Education Research Initiative that, upon recommendation in the next biennial budget, institutions who demonstrate a positive return on the Commonwealth’s research investment shall be eligible to receive interest earnings on sponsored programs and indirect cost recovery balances. (Item 250)

Higher Education Research Initiative – **Senate** adds language requiring reports each October, beginning in 2007, including the number of faculty recruited, resulting federal or grant support from new hires, level of instructional activity by these faculty, impact of research activities on undergraduate instruction, use of grad student aid funds, and expansion of collaborative efforts with other institutions, governmental entities, or private business and industry. (Item 250)

Regional Research and Development Centers – **Governor** provides \$2.5 million over two years and proposes a new initiative to create four regional research and development centers through the Dept of Housing and Community Development. **House** re-directs funding to colleges and universities to support research through their budgets. **Senate** reduces second year funding by \$660,000 to develop two industry-focused regional research and development centers. (Item 104)

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 7 of 11

Virginia Academic Research Corporation – **House** creates and funds at \$700,000 for the biennium this corporation to: support academic research; encourage research initiatives, with emphasis on biological systems and nanotechnology, to support Virginia industry; conduct or undertake activities to evaluate the Commonwealth's research investment. Will forge partnerships with federal financing entities such as US Dept of Commerce Economic Development Administration to promote innovation in economically distressed regions. Will also serve as the assessment arm for the Commonwealth in evaluating research investments made or to be made. (Item 145)

Research-Related Entity Along I-81 – **House** authorizes the Governor to expend up to \$2 million from unappropriated balances to attract a research-related entity to the Commonwealth along Interstate 81. (Item 462)

BioScience Seed Investment Fund – **Senate** provides \$500,000 in first year as a seed investment fund for emerging Virginia bioscience companies, to be managed by the Virginia Biotechnology Research Park Authority. (Item 462)

Embryonic Stem Cell Research – **House** adds language prohibiting any funding in the budget from being provided to entities which conducts human stem cell research from stem cells obtained from human embryos or from being used for such research. Also prohibits any funding in the budget, or matching funds related to funding received in the budget, from being provided for research on cells or tissues derived from induced abortions on humans. (Item 4-0.01)

Other Higher Ed

Base Adequacy Tied to Tuition – **Senate** includes language for BOVs to take into consideration the impact of escalating college costs for Virginia families. Encourages BOVs to limit increases on tuition and mandatory E&G fees for in-state, undergraduates to the extent possible. (Item 192 for UVa and in all other college/university appropriations)

Use of Debt – **Senate** requires the APA to analyze the use of debt at state-supported colleges and universities, including the potential impact of affiliated (foundation) organizations on debt capacity. This review is to determine if the state needs to develop debt capacity guidelines for higher education. Report by December 1, 2006. (Item 2)

Reporting of Endowment and Private Gifts – **Senate** exempts activity from public colleges and universities' private gifts, including endowment funds and unrestricted, from the APA reporting. (Item 2)

Eminent Scholars Program – **Governor** provides an additional \$439,000 in 2006-07 and \$878,000 in 2007-08 in matching funds, not yet allocated to higher ed institutions. **House** eliminates this additional funding. (Item 144)

Nursing Enrollment – **Governor** directs SCHEV and the Advisory Council on the Future of Nursing in Virginia to recommend performance criteria to be used in allocating future state funding to maximize the number of new graduates and to increase the supply of graduate nursing faculty by 9/1/2006. The Advisory Council is continued through 7/1/2008. (Item 165)

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 8 of 11

Healthcare Workforce Task Force – **House** creates said Task Force to develop and recommend criteria for awarding additional state funds via a competitive grant process to innovative regional public-private sector partnerships to maximize the number of newly licensed nurses and to increase the supply of graduate nursing faculty. \$3 million (\$1.5 million in each year) in funding is provided, split evenly between Northern Virginia Community College and UVA. **Senate** establishes this taskforce to make recommendations IF a grant program were funded, but does not fund the grant program. (Item 145)

Dental Preceptorship Site at the College at Wise – **House** directs SCHEV to examine the feasibility of creating a six dental chair clinic for VCU School of Dentistry on the campus of Wise to serve as a pipeline for pre-dental students interested in returning to the area. Report due by 9/1/2007. (Item 145)

Virginia Microelectronics Consortium – **Governor** provides \$1 million to VMEC. (Item 462)

Virginia Encyclopedia Project – **Governor** provides \$250,000 in each year for the Virginia Foundation for the Humanities to develop a comprehensive online encyclopedia of Virginia history and culture, to be unveiled in 2007 in time for the 400th anniversary commemoration and to support Virginia Folklife activities. **House** eliminates \$100,000 in each year related to the Virginia Folklife activities. (Item 192)

College Law Enforcement and Security Services – **House** provides \$176,000 and 2 FTEs in each year to create above office to develop specialized training and standards for campus police and security officers. **Senate** provides \$200,000 and 2 FTEs for the same purpose, but without creating a separate office. (Item 391)

Administrative NGF Increases – **Governor** deletes language about having to notify SCHEV about administrative NGF increases. **House** restores language requiring institutions to notify and get authorization from SCHEV for administrative NGF increases. (Item 4-2.01.b.5.d)

Virtual Library of Virginia – **Governor** provides an additional \$766,000 in each year. \$397,000 in each year is earmarked to allow the participation of nonprofit, independent, private colleges and universities to participate. (Item 165)

New College Institute – **Governor** provides \$2.1 million in 2006-07 and \$2.4 million in 2007-08 to support the coordinated and cooperative development of postsecondary educational opportunities in Southside Virginia. **House** reduces funding to \$1.25 million in each year, along with an NGF match. \$300,000 general funds in each year will be used to create a Visiting Faculty Program in collaboration with UVA to deliver computer science and technology programs to the region. **Senate** reduces funding to \$475,000 in the first year and \$930,000 for the second year and expresses intention of developing “2+2 programs” between community colleges and four-year institutions. (Item 244)

Southwest Va. Higher Ed Center – **Governor** provides \$394,000 in each year. **House** provides an additional \$300,000 in each year. (Item 248)

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 9 of 11

Tuition Assistance Grants – **Governor** provides additional \$4.4 million in 2006-07 and \$8.9 million in 2007-08 for TAG program. No change in the maximum award of \$3,000 to undergraduates and \$2,200 to graduates. **House** provides an additional \$4 million in 2007-08 to increase undergraduate award to \$3,100 in the second year. (Item 143)

Military Tuition Waivers – **Governor** provides additional \$2.5 million in each year for military tuition waivers and expands the eligibility for two years from one year. (Item 143) **House** eliminates all \$9 million of funding for this program and provides that such students will now be given resident status. **Senate** eliminates the Governor's addition of \$2.5 million in each year and restores waiver to one year. (Item 143)

Brown v. Board of Education Scholarship Program – **House** provides \$20,000 in each year to support Brown v. Board of Education Scholarship Awards Committee's operating costs. **Senate** provides \$30,000 in each year for same item. (Item 20.10)

SREB Initiative to Increase Minority Doctoral Students – **Governor** provides additional \$10,000 in 2006-07 and \$30,000 in 2007-08 to this program. **House** eliminates this additional funding. (Item 143)

Joint Subcommittee Studying Higher Education Funding Policies – **House** deletes language regarding this subcommittee. **Senate** revised language to allow the Subcommittee to be reconvened to proposed changes and charges SCHEV with developing recommendations to revise and update the base adequacy guidelines over time. (Item 1)

Faculty Salary Peer Groups – **Senate** requires SCHEV to update the national peer groups for faculty salary comparisons by November 1, 2006. (Item 145)

Financial Aid – **Senate** requires SCHEV to present its recommendations for allocating GF need-based financial aid and explain any methodology which differs from the long-held goal to meet 50% of remaining need by November 15, 2006. (Item 145)

Other

Mileage Reimbursement Rate – **House** includes language and some funding (\$1.3 million in each year for the entire state) to increase the allowable mileage reimbursement rate from the current 32.5 cents/mile to 44.5 cents/mile (i.e., this will not float with the federal rate). **Senate** include language and some funding (\$1.9 million in each year for the entire state) to increase the allowable mileage reimbursement rate from the current 32.5 cents/mile to the most recent federal reimbursement rate (currently 44.5 cents/mile). (Items 461 and 4-5.04)

Modernizing Central Administrative Systems Through the Enterprise Applications Public-Private Partnership – **House** and **Senate** provide \$5.3 million in year one and \$9.3 million in year two to develop this partnership to oversee the analysis of Commonwealth business systems and the procurement of replacement systems. It includes a statement that "all executive department agencies must comply with directives" from this partnership and that "institutions of higher education shall work cooperatively with the Project Office Director to ensure the successful completion of the activities." Language also provides that any enhanced collections of debt (outlined below) will go to fund this project. (Item 426.10 in Senate; Item 460 in House)

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 10 of 11

Innovative Technology Authority (ITA) – **Governor** provides \$1,000,000 in 2006-07 for operational support of the Innovation Identification and Acceleration program, also known as CIT CONNECT. This program will establish a consulting service line to match large-scale consumers with advanced technology companies. Federal government agencies, with both classified and non-classified activities, and Fortune 500 companies seeking advanced technologies will be matched to start-up, entrepreneurial developers of the desired technologies. **House** eliminates this funding. (Item 419)

VITA – **Governor** authorizes the CIO to withhold from agency appropriations for savings resulting from information technology and telecommunications operating efficiencies. For UVa, this is estimated at \$2,130 GF and \$2,130 NGF in 2006-07 and \$2,130 GF and \$2,130 NGF in 2007-08. (Item 422)

Electronic Procurement – **Governor** eliminates language that previously stated that charges would be withheld from agencies who were not executing the majority of its procurements through the state's electronic procurement system. Now language reads simply that the e-procurement system will be finance by fees assessed to state agencies, institutions, and vendors. For UVa, this is estimated at \$160,641 GF and \$233,087 NGF in 2006-07 and \$160,641 GF and \$233,087 NGF in 2007-08. (Item 72)

Department of General Services – Facility Inventory Condition and Assessment System (FICAS) – **Governor** provides \$330,000 in each year for DGS to maintain and oversee the FICAS. Also includes statement that the general funds will be supplement by fees assessed to state agencies and institutions of higher education. DGS and DPB will develop guidelines for assessing such fees. (Item 73)

Commonwealth Charge Card Rebate Fund – **Governor** establishes this fund. Rebates earned in the statewide charge card program are deposited to this fund. The cost of the administration of the program and rebates due back to political subdivisions are appropriated to this fund. All remaining revenues are deposited to the general fund each year. (Item 254)

Line of Duty Death and Health Benefits Trust Fund – **Governor** establishes this fund to provide death benefits and health insurance benefits to certain public safety officers killed or disabled in the line of duty. (Item 262)

Division of Debt Collection – **Governor** revises language which previously set fees at 30% of all collections up to \$1.8 million. Revised language removes annual limit of \$1.8 million, but adds a requirement that at no time shall balances exceed a ceiling of \$400,000. If that occurs, 60% of collections will be returned to agencies, with 40% transferred to the general fund. **House** and **Senate** restore fees to 30% of all collections and leave the new ceiling of \$400,000 for operating balances after expenses are covered. **House** and **Senate** also direct the Attorney General to prepare a report on the most cost-effective strategies for improving Virginia's collections of accounts receivable by 10/15/2006. (Item 52)

Department of General Services – **Governor** transfers consolidated mail services in the Richmond metro area from Treasury to DGS. (Item 73)

Report on Governor, House and Senate 2006-08 Budget Bill

Language Changes

Page 11 of 11

DHRM Performance Management Training – **Governor** qualifies the requirement that DHRM provide performance management training with the addition of the phrase “within available resources.” (Item 77)

State Government Productivity and Efficiency – **Governor** provides \$4.5 million in 2006-07 and \$1 million in 2007-08 to support comprehensive re-engineering efforts aimed at increasing state government productivity and efficiency. This includes examining opportunities for enhanced collaboration or consolidation; re-engineering large and complex services to improve organization and effectiveness; and establish results teams to support new productivity projects and improve use of performance measurements. (Item 456)

Vehicle Parking Spaces – **Governor** provides that any lease of private parking spaces must be approved by DGS. (Item 4-6.04.c)

Department of Minority Business Enterprises – **House** requires the Department to report to the General Assembly on efforts to improve its effectiveness by 8/1/06. **Senate** authorizes the Department to carry-forward unexpended general fund balances for analyzing the availability of minority businesses and their participation in the public procurement of goods and services. (Item 100)

Department of Planning and Budget – **House** provides \$400,000 and 6 FTE in each year for DPB to perform deliberative analyses of requests and estimates submitted by agencies asking financial assistance from the Commonwealth. Shall include prior year comparisons, description of agency’s priorities, discussion of major changes or initiatives. All will be submitted to the Governor by October 31 and within 30 days to the chairs of the House Appropriation/Senate Finance.
