

## 2011-2012 Honor Committee Mission Statement:

Passed October 16, 2011

The Honor Committee of the University of Virginia strives to promote the values of honor and integrity as established and understood by the student body, specifically not to lie, cheat, or steal. We aspire to do this through education and outreach, and by providing a single forum where violations can be dealt with equitably. By respecting the traditions of the Honor System and the rights and perspectives of each current student, we seek to uphold the Community of Trust.
