About the test:

Placement into Modern Hebrew language courses at the University of Virginia is done by an informal test administered in person by the teacher of the language classes. This test should take no longer than 15 minutes. Both written and oral competence in Modern Hebrew will be evaluated.

Who should take the placement test:

1. Students who have studied Hebrew before at home or in some setting other than UVa and don't know exactly which class they should take should take the placement test before they register.
2. Students who want to be exempted from the College's Foreign Language requirement.

When to take the test:

Placement for the Modern Hebrew language program takes place the two days prior to the beginning of classes each semester. For the Fall 05 semester, please plan on arranging to take your placement exam on Monday, August 22 or Tuesday, August 23.

We will discuss your placement with you at the end of the exam.
