

Parking for Fans with Disabilities UVA D3 Lot at Massie and Arlington

Welcome to the dedicated parking area for fans with disabilities at Massie and Arlington, also known as the UVA D3 lot! This FREE parking area is provided for fans attending UVA football games. It is adjacent to UVA's Law School and J.A.G. School.

Eligibility: Fans with disabilities and anyone riding with them in their vehicle may park in this designated lot and ride the shuttle to and from Scott Stadium, all free of charge. Please be sure to display the appropriate parking sticker/tag so the parking attendant can identify and admit your vehicle and can provide you with the necessary shuttle passes.

Shuttle Information: The shuttle for fans with disabilities begins two hours before kickoff and runs continuously throughout the game. Look for yellow school buses or University Transit (UTS) buses loading within the lot. Some buses are equipped with wheelchair lifts. Fans should choose between marked "EAST" or "WEST" shuttle buses per the stadium diagram above. Be sure to obtain your two-way shuttle passes from the UVA D3 lot attendant!

Facilities: A chemical toilet is provided in the UVA D3 lot for fans' convenience. Fans may wish to access the Law School Library, located immediately across from the UVA D3 parking lot — proceed through the left-most doors and through the inside wooden doors to find the restrooms ahead on the left. These restrooms are equipped with modern facilities including hot- and cold-running water.

After the Game: Fans with tickets should line up to board the shuttle buses outside the stadium where they were originally dropped off (see diagram, above). Please hand the "return" portion of your shuttle pass to the attendant when boarding the bus. Due to traffic surrounding the stadium, there may be a wait for the shuttle buses on the return trip. The shuttle will continue only as long as fans with disabilities are waiting at the shuttle stops. *Please get to the shuttle stops in a timely fashion!*

Important: Fans with disabilities and members of their party should line up orderly and cooperatively at their respective loading areas on a first-come, first-served basis. Kindly allow special consideration for those in wheelchairs. *Enjoy the game!*
