AWARDS

- **Minhong Yu** was awarded 2010 American Parkinson Disease Association Summer Student Fellowship for studying Parkinson Disease patient's rhythmic perception.
- **Robyn Kondrad** won the Double Hoo research award. With her undergraduate RA, Claire Galdun, she will be studying whether children believe a peer whose misbehavior is least serious (e.g., one child hits vs. another child doesn't share) is the one who is most likely to do something nice in the future.
- **Thomas Talhelm** received a National Science Foundation East Asian and Pacific Summer Institute fellowship to support summer research in China.

PUBLICATIONS

MEDIA MENTION

**Denny Proffit**’s original backpack study was discussed in an article in Slate about navigational mistakes.

ANNALS of the DEPARTMENT

Some former UVa undergraduates have went on to successful academic careers in psychology. Here are four of our graduates:

- **Thomas Pettigrew**, B.A., 1952, Psychology
  Distinguished Social Sciences Emeritus Faculty, University of California Santa Cruz
  Distinguished University Professor of Social Psychology and Department Chair, Ohio State University
- **Ashley Maynard**, B.A., 1994, Psychology & Cognitive Sciences
  Associate Professor and Department Chair, University of Hawaii
  Associate Professor of Social Psychology, Florida State University
If you know of any others, e-mail us and we will publish a more comprehensive list in the future.
