Joint Degree Programs

Darden works with several graduate schools at the University of Virginia to offer five joint degrees. Admission to all joint-degree programs requires that acceptance to both The Darden School and the participating joint program through each school's normal admissions process. A committee of representatives from each school grants admission to the specific joint program.

**MBA/MA in East Asian Studies**
This program is offered in conjunction with the Graduate School of Arts and Sciences. Students may obtain both the MBA degree and the MA degree in East Asian Studies in three years and two summers. For more information on the East Asian Studies program contact:
