Abstract

The purpose of the Virginia Consortium for Teacher Preparation in Severe Disabilities (George Mason University, University of Virginia, Virginia Commonwealth University, & Radford University) is to prepare state wide, through innovative distance education, 80 new fully trained and qualified preservice teachers in severe disabilities over a five year period (Preparation of Special Education, Related Services, and Early Intervention Personnel to Serve Infants, Toddlers, and Children with Low-Incidence Disabilities, §4.325A). To accomplish this goal, we propose to expand our current statewide in-service training program, an inter-university cooperative training program that prepares conditionally licensed teachers in severe disabilities and to significantly decrease the shortage of teachers of SD in Virginia.

Our program has the following primary objectives: 1) To deliver a common SD licensing curriculum across the collaborating universities that increases the number of newly trained preservice teachers with state licensure in severe disabilities in Virginia; 2) To deliver an innovative, efficient and cost effective collaborative course delivery; 3) To develop an effective and innovative practicum supervision model; 4) To increase recruitment and enrollment into the SD Consortium with intensive recruitment strategies for individuals from traditionally underrepresented groups, including those from culturally and linguistically diverse backgrounds and those with disabilities, will be developed and implemented; 5) To develop and deliver a course for administrators who supervise programs that include students participating in the Virginia Alternative Assessment Program; and 6) To evaluate and disseminate nationally the need, outcomes, and effectiveness of a collaborative statewide SD program.

The Consortium will carry out the objectives with the following activities:
* Development of a common program of studies in severe disabilities across the four universities,
* Ability to utilize the expertise of the faculty members from each university, thus, increasing the scope and breadth of knowledge and perspectives available to students,
* Increase the availability of courses to students at each university and across the state (e.g., offer the entire curriculum each year),
* Expand the capacity for quality supervision of students in school-based practica using direct observation by a university supervisor (in person and via the internet), practicum seminars, structured practicum procedures (assignments, agreement form, handbook, weekly email logs, etc.)
* Initiate statewide recruitment of new teachers needing professional preparation through tuition stipends, especially underrepresented groups,
* Eliminate intra-university competition for student enrollment by allowing students to enroll in and pay tuition to the consortium university of their choice,
* Develop and implement a distance based program that maintains high quality and hands on instruction,
* Develop the ability of students living more than two hours from consortia universities to attend class via high-speed Internet connections, and
* Coordinate an annual gathering of current and past students in the SD consortium at the state’s summer conference.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion — Lower Tier Covered Transactions

This certification is required by the Department of Education regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR Part 85, for all lower tier transactions meeting the threshold and tier requirements stated at Section 85.110.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion-Lower Tier Covered Transactions,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decline the method and frequency by which it determines the eligibility of its principals. Each participant may but is not required to, check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
