

Please join us for a

SCIENCE & ART PROJECT

COLLABORATION WORKSHOP

Saturday, February 28
3 PM - 5 PM

McGuffey Art Center
201 2nd Street NW

Parking available behind the building

OBJECTIVE

To bring interested collaborators together to share ideas and to learn (by doing) a clear, simple method for sharing ideas and capturing outcomes in cross-disciplinary collaboration.

GET INVOLVED:

- 1) Volunteer to help facilitate the workshop
- 2) Send us some creative ideas

FOR MORE DETAILS GO TO:

http://www.virginia.edu/sciartproject/calendar_workshop.html

The workshop will be hosted by Rosamond Casey, Susan Skalak, and Paul Erb.

The Science & Art Project, conceived in Charlottesville, Virginia by University and community artists and scientists, seeks to nurture and accelerate pervasive interactions that emphasize creative innovation across disciplines.
