

Revised: May 7, 2009

**PRICE SCHEDULE:  
IMMUNIZATIONS, INJECTIBLE MEDICATIONS,  
ON-SITE LABORATORY TESTS, SUPPLIES AND SERVICES**

***Dear Student,***

Student Health professional services are covered by your Student Activity Fee, pre-paid when you pay tuition and fees. This means there is no charge for your visit with a care provider (e.g. physician, nurse practitioner, mental health clinician, or health educator). The list below shows prices of immunizations, injections, laboratory tests, medical supplies and services.

**Prices are reviewed and may change periodically. (NOTE: Low volume services are not included on the Price Schedule. Students are charged on a case-by-case basis.)**

**LAB TESTS OFF-SITE:**

Most laboratory tests are performed at Clinical Labs in the UVa Medical Center (see back of this sheet). **Payment may be made at Student Health at the time of service.**

The UVa Medical Center will file a claim to your insurance company or will send a bill to the address you provide. Those charges are

Usually higher than the prices on this list.

**Methods of Payment:**

Cash, Check, Billing by Student Health, Visa, MasterCard, Discover, American Express, Cav Advantage

After selecting your method of payment, the cashier at our Front Desk will give you a "walk out statement;" this is a receipt that you may use to file a claim for health insurance reimbursement. We regret that we are not able to file claims to all health insurance companies. The Department of Student Health will file claims only for students who have the UVa endorsed Chickering Insurance or Southern Health plans.

## PHARMACY AND LABORATORY

Our pharmacy and laboratory are satellites of the UVa Medical Center and will file claims to most insurance companies for prescribed medications or laboratory tests. Coverage is dependent on your plan's benefits. **Please have your insurance card with you whenever you visit Student Health or the UVa Medical Center.**

### OFF-SITE LABS

Please note: The Student Health Price is a wholesale price offered to you by Health System Clinical Laboratories if you make or arrange payment at the time of service. If you choose to have a claim filed to your insurance company, prices may be 50 to 100 percent more. Please bring your insurance card so that we have complete information to submit to Clinical Laboratories. We cannot guarantee payment of insurance claims, and you may be responsible for any unpaid balance or denial of claim. **Prices are reviewed and changed periodically.**
