UNIVERSITY of VIRGINIA

Optional Art Supplement 2010
Music

Completed fine arts evaluations are confidential, and ratings are combined with all other application materials to be considered in the final decision by the Admission Committee. *Do not send originals; art supplements will not be returned.*

Students may submit a sound recording (CD preferred) or musical score. One sound recording per instrument please. Sound recordings must isolate and highlight the applicant. Group performances that obscure the ability to assess an individual's level of talent will not receive evaluation. Length of supplement sound recordings should not exceed 15 minutes. Choose two or three contrasting selections (style, rhythm, etc.) or portions thereof to perform. Composers should send a copy of one or two scores that are representative of their recent work and, whenever possible, an audio recording of the works submitted. You may include a resume of works played and performance/musical experiences.
