CONSENT FOR INTRAVENOUS SEDATION / ANALGESIA

A. CONSENT FOR PROCEDURE

1. I authorize _____ to perform the following procedure(s):

I understand that I may need other urgent procedures that were unanticipated. I consent to the performance of any additional procedures determined during my original procedure to be in my interests and where delay might cause additional harm.

I understand that other qualified practitioners, including residents (doctors who have finished medical school and are getting more training), may be chosen to do or help with procedures. All qualified practitioners will only perform tasks that are within their scopes of practice and for which they have been granted clinical privileges. Residents will only perform all or parts of the procedures under the supervision of my doctor.

2. I understand my diagnosis/condition to be: _____

3. I have been told about what results to expect, which includes information about the chances for the expected results and about problems that might occur during recuperation. I know that results cannot be guaranteed.

4. I have been told about and understand the risks and benefits of the procedure(s) listed above. I understand that there are risks for all kinds of procedures. These risks, which can be serious, include bleeding, infection, and damage to nearby tissues, vessels, nerves, or organs. They may result in paralysis, cardiac arrest, brain damage, and/or death. Other risks for this procedure may include:

- Allergic reaction to medications used.
- Discomfort, swelling or bruising at the site of injection.
- Irritation of the vein, called phlebitis, where the needle was placed, which may progress up the arm and potentially effect hand or arm motion temporarily and may require additional treatment.
- Nausea and vomiting which may require medications and or bed rest for days and/or weeks.
- Intravenous sedation is a serious medical procedure and always carries with it the risk of brain damage, heart attack and death.
- And such other risks which may occur less frequently, from both known and unknown causes.

5. I understand the alternatives to the proposed procedure and the related risks to be: _____

6. I understand that for some kinds of medical equipment used during procedures, a representative from the equipment manufacturer may be present, providing consultation or performing checks on the equipment.

7. I understand that photographs and/or video or electronic recordings may occur during my procedure and may be used for internal performance improvement or educational purposes.

8. I understand that any tissues or parts removed during my procedure may be disposed of by the hospital or used for any lawful purpose including education and research.

B. CONSENT FOR ANESTHESIA OR SEDATION

1. When local anesthesia and/or sedation is used by the physician on page one, Section A1:

I consent to the administration of such *local anesthetics* as may be considered necessary by the physician in charge of my care. I understand that the risks of local anesthesia include: local discomfort, swelling, bruising, allergic reactions to medications, and seizures.

I consent to the administration of *sedative medications* by or under the direction of the physician named in Item A1 or the physician in charge of my sedation care. I acknowledge that I have been informed of the nature of the planned sedation and that I understand the risks of sedation to include: allergic reactions to medications, changes in breathing, changes in blood pressure and heart function, nausea and vomiting, aspiration of stomach contents and/or excitement. I understand that recall of the procedure is possible.

2. When regional anesthesia, general anesthesia, or monitored anesthesia care is provided by the personnel in the **Department of Anesthesiology:**

I consent to care provided by the physicians of the Department of Anesthesiology. I acknowledge that the anesthesia may actually be administered by a physician in training (resident) or nurse anesthetist under the direction of the anesthesiologist who is assigned to care for me. The anesthetic technique may be a general anesthetic (“being put to sleep”) and/or a nerve block. I understand that the risks of anesthesia include: sore throat and hoarseness, nausea and vomiting, aspiration of stomach contents, muscle soreness, injury to the eyes, injury to the gums or lips, damage to the teeth or dental work, allergic reactions to medications, recall of procedure, changes in breathing, changes in blood pressure and heart function, nerve injury, cardiac arrest, brain damage, paralysis, or death.

Additional information regarding the various forms of anesthesia and pain control, risks, and options is available from the anesthesiologist directing your care.
