Lung CA	<input type="checkbox"/>	<input type="checkbox"/>
Lymphoma	<input type="checkbox"/>	<input type="checkbox"/>
Melanoma	<input type="checkbox"/>	<input type="checkbox"/>
Myeloma	<input type="checkbox"/>	<input type="checkbox"/>
Ovarian CA	<input type="checkbox"/>	<input type="checkbox"/>
Pulmonary Nodule	<input type="checkbox"/>	<input type="checkbox"/>
Thyroid CA	<input type="checkbox"/>	<input type="checkbox"/>
Primary Brain Tumor	<input type="checkbox"/>	<input type="checkbox"/> if CMS must go in NOPR*
Other Body Tumor Specify _____	<input type="checkbox"/>	<input type="checkbox"/> if CMS must go in NOPR*

Choose Exam Type:

<input type="checkbox"/>	Whole Body (eyes to thighs)
<input type="checkbox"/>	Total Body (head to toe)
<input type="checkbox"/>	Limited specify area _____
<input type="checkbox"/>	Brain

Is the patient Diabetic? Yes or No

Blood Glucose testing is performed on each patient as part of the PET/CT exam.

Diabetic patients should have blood sugar under good control. Serum glucose levels >150 mg/dL result in reduced image quality.

Clinical Indications:	ICD-9 Dx Code:
-----------------------	----------------

Prep Instructions:

1. Diabetic patient must be **NPO 4 hours** prior to appointment (**plain water ONLY**)
2. Non-diabetic patient must be **NPO 6 hours** prior to appointment (**plain water ONLY**)
3. **Some patients may need to have a Foley bladder catheter** placed in order to get good visualization of the pelvis.
4. **Total visit time will be approx. 3 hours:** Medical history is taken, Blood Glucose level tested, IV started, FDG is injected and circulates in the body for 45 minutes while the patient rests quietly, IV is removed. Patient is asked to empty bladder, the scan is performed. Scan (table time) will last approx. 45 minutes, depending on what is being scanned.

*National Oncology PET registry

Non-Oncology Indications	
Alzheimer's / Fronto-Temporal Dementia	<input type="checkbox"/>
Epilepsy	<input type="checkbox"/>
Other: Specify _____	<input type="checkbox"/>

I attest to the accuracy of the above information and to the medical necessity of the exam ordered.
