APPROVAL OF WTJU’S 2002-03 ANNUAL REPORT

RESOLVED that WTJU’s 2002-03 Annual Report be approved, as recommended by the President and the Vice President for Student Affairs.
BACKGROUND: As discussed at previous meetings of the Board’s Finance and Buildings & Grounds Committees, the Alderman Road first-year dormitories require significant renovations. This represents a financial challenge, but also an opportunity to examine the role of academic and residential programming in first-year housing.

DISCUSSION: The Vice President for Finance will present information on plans for undergraduate student housing. There will be an initial discussion of the financial implications of the preliminary planning concepts, as well as a review of the impact of future enrollment growth on the University’s current targets to provide housing for 100 percent of first-year students, approximately 50 percent of undergraduate students and approximately 35 percent of total student enrollment.
